This compendium of everything thats new in cars and trucks is packed with feedback from Canadian drivers, insider tips, internal service bulletins, and confidential memos to help the consumer select whats safe, reliable, and fuel-frugal.

Phil Edmonston, Canada's automotive "Dr. Phil," pulls no punches. He says there's never been a better time to buy a new car or truck, thanks to a stronger Canadian dollar and an auto industry offering reduced prices, more cash rebates, low financing rates, bargain leases, and free auto maintenance programs. In this all-new guide he says: Audis are beautiful to behold but hell to own (biodegradable transmissions, "rodent snack" wiring, and mind-boggling depreciation)Many 2011-12 automobiles have "chin-to-chest head restraints, blinding dash reflections, and dash gauges that can't be seen in sunlight, not to mention painful wind-tunnel roar if the rear windows are opened while underway)Ethanol and hybrid fuel-saving claims have more in common with Harry Potter than the Society of Automotive EngineersGM's 2012 Volt electric car is a mixture of hype and hypocrisy from the car company that "killed" its own electric car more than a decade ago)You can save \$2,000 by cutting freight fees and "administrative" charges)Diesel annual urea fill-up scams cancost you \$300, including an \$80 "handling" charge for \$25 worth of urea)Levon-Aid's 2011-12 Endangered Species List: the Chinese Volvo, the Indian Jaguar and Land Rover, the Mercedes-Benz Smart Car, Mitsubishi, and Suzuki

The primary purpose of the Manual of Classification of Motor Vehicle Traffic Accidents is to promote uniformity and comparability of motor vehicle traffic accident statistics now being developed in Federal, state and local jurisdictions. This manual is divided into two sections, one containing definitions and one containing classification instructions.

User-friendly yet sophisticated, Psychological Assessment With the MMPI-2 will be welcomed by practicing psychologists, researchers, and students alike. This long-awaited second edition constitutes the single most comprehensive and up-to-date textbook of MMPI-2 interpretation. Completely rewritten to address the changes to the original instrument that resulted in the MMPI-2 in 1989, it describes in detail all the MMPI-2 scales--clinical, supplementary, and content--and offers empirically-grounded and clinically-tested recommendations for their use. The last decade has seen an explosion of research, as well as a steady accumulation of experiential wisdom; bridging the gap between behavioral science and practice, the authors review all the major findings and their implications and draw on rich clinical material to illuminate the issues. This second edition: * helps users with forensic interests including attorneys needing a reference for expert review; * gives step-by-step advice on interpreting profiles; * includes treatment recommendations in the explanation of every code pattern; * provides extensive guidance on report-writing for new users; * compares the most current MMPI-2 computer reports; * features numerous tables, figures, and appendices for all the MMPI-2 scales including the newer validity measures; and * incorporates 570 references (235 completely new).

The ultimate service manuals! Bentley manuals are the only comprehensive, single source of service information and specifications available for BMW cars. These manuals provide the highest level of clarity and completeness for all service and repair procedures. Enthusiasts, do-it-yourselfers, and professional technicians will appreciate the quality of photographs and illustrations, theory of operation, and accurate step-by-step instructions. If you are looking for better understanding of your BMW, look no further than Bentley. Even if you do not repair your own vehicle, knowledge of its internal workings will help you when discussing repairs and maintenance with your professional automotive technician. This Bentley Manual is the only comprehensive, single source of service information and specifications available specifically for BMW 5 Series from 1997 to 2002. The aim throughout this manual has been simplicity, clarity and completeness, with practical explanations, step-by-step procedures and accurate specifications. Whether you are a professional or a do-it-yourself BMW owner, this manual will help you understand, care for and repair your E39 5 Series. Though the do-it-yourself BMW owner will find this manual indispensable as a source of detailed maintenance and repair information, the BMW owner who has no intention of working on his or her car will find that reading and owning this manual will make it possible to discuss repairs more intelligently with a professional technician.

Let an origami master teach you how to fold your cash into frogs, scorpions, and other creatures and objects. We handle money every day. We're used to handing over a few bills for a coffee or a few more bills for a book or a new item of clothing. But it's fairly rare these days to be able to turn just one dollar into anything. A dollar won't buy you a camera or a shark, but there is a way to make it into one! Dollar Origami teaches you how to turn your currency into almost anything with just a few folds. With simple instructions and full-color photos, you'll be crafting beautiful butterflies, adorable penguins, and more in your own home in no time. Sometimes, your money can go farther than you think, and with Dollar Origami, it can also provide you with much more fun! "Park is not an amateur artist by any means--he actually has a master's degree in origami and is known in circles as 'the money folder' . . . His origami is certainly worth more than the currency it's created with." --Business Insider "Owning a copy of Dollar Origami is like holding onto to a part of origami history: the dawn of complex dollar bill origami." --Origami Resource Center

If you can build websites with CSS and JavaScript, this book takes you to the next level--creating dynamic, database-driven websites with PHP and MySQL. Learn how to build a database, manage your content, and interact with users. With step-by-step tutorials, this completely revised edition gets you started with expanded coverage of the basics and takes you deeper into the world of server-side programming. The important stuff you need to know: Get up to speed quickly. Learn how to install PHP and MySQL, and get them running on both your computer and a remote server. Gain new techniques. Take advantage of the all-new chapter on integrating PHP with HTML web pages. Manage your content. Use the file system to access user data, including images and other binary files. Make it dynamic. Create pages that change with each new viewing. Build a good database. Use MySQL to store user information and other data. Keep your site working. Master the tools for fixing things that go wrong. Control operations. Create an administrative interface to oversee your site.
