#1 New York Times Bestseller With extraordinary access to the West Wing, Michael Wolff reveals what happened behind-the-scenes in the first nine months of the most controversial presidency of our time in *Fire and Fury: Inside the Trump White House*. Since Donald Trump was sworn in as the 45th President of the United States, the country—and the world—has witnessed a stormy, outrageous, and absolutely mesmerizing presidential term that reflects the volatility and fierceness of the man elected Commander-in-Chief. This riveting and explosive account of Trump's administration provides a wealth of new details about the chaos in the Oval Office, including: -- What President Trump's staff really thinks of him -- What inspired Trump to claim he was wire-tapped by President Obama -- Why FBI director James Comey was really fired -- Why chief strategist Steve Bannon and Trump's son-in-law Jared Kushner couldn't be in the same room -- Who is really directing the Trump administration's strategy in the wake of Bannon's firing -- What the secret to communicating with Trump is -- What the Trump administration has in common with the movie *The Producers* Never before in history has a presidency so divided the American people. Brilliantly reported and astoundingly fresh, *Fire and Fury* shows us how and why Donald Trump has become the king of discord and disunion. "Essential reading." Michael D'Antonio, author of *Never Enough: Donald Trump and the Pursuit of Success*, CNN.com "Not since Harry Potter has a new book caught fire in this way...[*Fire and Fury*] is indeed a significant achievement, which deserves much of the attention it has

received. The Economist

The election of Donald Trump and the great disruption in the news and social media. Donald Trump's election as the 45th President of the United States came as something of a surprise—to many analysts, journalists, and voters. The New York Times's *The Upshot* gave Hillary Clinton an 85 percent chance of winning the White House even as the returns began to come in. What happened? And what role did the news and social media play in the election? In *Trump and the Media*, journalism and technology experts grapple with these questions in a series of short, thought-provoking essays. Considering the disruption of the media landscape, the disconnect between many voters and the established news outlets, the emergence of fake news and "alternative facts," and Trump's own use of social media, these essays provide a window onto broader transformations in the relationship between information and politics in the twenty-first century. The contributors find historical roots to current events in Cold War notions of "us" versus "them," trace the genealogy of the assault on facts, and chart the collapse of traditional news gatekeepers. They consider such topics as Trump's tweets (diagnosed by one writer as "Twitterosis") and the constant media exposure given to Trump during the campaign. They propose photojournalists as visual fact checkers ("lessons of the paparazzi") and debate whether Trump's administration is authoritarian or just authoritarian-like. Finally, they consider future strategies for the news and social media to improve the quality of democratic life. Contributors Mike Ananny, Chris W. Anderson, Rodney Benson, Pablo J. Boczkowski, danah boyd, Robyn Caplan, Michael X. Delli Carpini, Josh Cowls, Susan J. Douglas, Keith N. Hampton, Dave Karpf, Daniel Kreiss, Seth C. Lewis, Zoey Lichtenheld, Andrew L. Mendelson, Gina Neff, Zizi Papacharissi, Katy E. Pearce, Victor Pickard, Sue Robinson, Adrienne Russell, Ralph Schroeder, Michael Schudson, Julia Sonnevend, Keren Tenenboim-Weinblatt, Tina Tucker, Fred Turner, Nikki Usher, Karin Wahl-Jorgensen, Silvio Waisbord, Barbie Zelizer

An unprecedented behind-the-scenes portrait of the Trump presidency from the anonymous senior official whose first words of warning about the president rocked the nation's capital. On September 5, 2018, the New York Times published a bombshell essay and took the rare step of granting its writer anonymity. Described only as "a senior official in the Trump administration," the author provided eyewitness insight into White House chaos, administration instability, and the people working to keep Donald Trump's reckless impulses in check. With the 2020 election on the horizon, Anonymous is speaking out once again. In this book, the original author pulls back the curtain even further, offering a first-of-its-kind look at the president and his record -- a must-read before Election Day. It will surprise and challenge both Democrats and Republicans, motivate them to consider how we judge our nation's leaders, and illuminate the consequences of re-electing a commander in chief unfit for the role. This book is a sobering assessment of the man in the Oval Office and a warning about something even more important -- who we are as a people.

New York Times Bestseller *The Trump administration is remaking the government. It's Even Worse Than You Think: What the Trump Administration Is Doing to America* tells us exactly how it is making America worse again. Bestselling author and longtime Trump observer David Cay Johnston shines a light on the political termites who have infested our government under the Trump Administration, destroying it from within and compromising our jobs, safety, finances, and more. No journalist knows Donald Trump better than David Cay Johnston, who has been following him since 1988. *It's Even Worse Than You Think: What the Trump Administration Is Doing to America* goes inside the administration to show how the federal agencies that touch the lives of all Americans are being undermined. Here is just some of what you will learn: The Wall. Mexican President Enrique Peña Nieto told President Trump that Mexico will never pay for the border wall. So, Trump is proposing putting a tariff on Mexican imports. But a tariff will simply raise the price of Mexican goods in the US, meaning American consumers will end up paying for the wall—if it ever gets built. Climate Change. Welcome to the new EPA,

Where To Download 2018 Donald Trump Out Of Office Countdown Box Calendar Is It 2021 Yet

run by Scott Pruitt, a lawyer who has spent much of his career trying to destroy the agency he now heads. Secrecy reigns at the new EPA because Pruitt meets with industry executives to find out which clean air and clean water provisions they most want to roll back, and keeps staffers in the dark to make sure these pro-pollution plans don't leak prematurely. Stocking the Swamp. Contrary to his promise to "drain the swamp" in Washington, DC, Trump has filled his cabinet with millionaires and billionaires, from Treasury Secretary Steven Mnuchin, a Goldman Sachs and hedge fund veteran who made much of his fortune foreclosing on homeowners to billionaire heiress Education Secretary Betsy DeVos, who has already put the interests of bankers ahead of debt-burdened students and their families. The Kleptocracy. Under Donald Trump conflict of interest is passé. When Trump isn't in Washington, he stays at one of his properties, where the taxpayers pick up the tab for staffers, Secret Service, and so on, all at full price. And back in Washington, everyone now knows that the Trump International Hotel is the only place to stay if you want to do business with the administration. Meanwhile sons Donald Jr. and Eric run an eyes-wide-open blind trust of Trump holdings to avoid the appearance of conflict of interest—but not the reality.

New York Times Bestseller What are the consequences if the people given control over our government have no idea how it works? "The election happened," remembers Elizabeth Sherwood-Randall, then deputy secretary of the Department of Energy. "And then there was radio silence." Across all departments, similar stories were playing out: Trump appointees were few and far between; those that did show up were shockingly uninformed about the functions of their new workplace. Some even threw away the briefing books that had been prepared for them. Michael Lewis's brilliant narrative takes us into the engine rooms of a government under attack by its own leaders. In Agriculture the funding of vital programs like food stamps and school lunches is being slashed. The Commerce Department may not have enough staff to conduct the 2020 Census properly. Over at Energy, where international nuclear risk is managed, it's not clear there will be enough inspectors to track and locate black market uranium before terrorists do. Willful ignorance plays a role in these looming disasters. If your ambition is to maximize short-term gains without regard to the long-term cost, you are better off not knowing those costs. If you want to preserve your personal immunity to the hard problems, it's better never to really understand those problems. There is upside to ignorance, and downside to knowledge. Knowledge makes life messier. It makes it a bit more difficult for a person who wishes to shrink the world to a worldview. If there are dangerous fools in this book, there are also heroes, unsung, of course. They are the linchpins of the system—those public servants whose knowledge, dedication, and proactivity keep the machinery running. Michael Lewis finds them, and he asks them what keeps them up at night.

In the #1 New York Times bestseller, the former Assistant to the President and Director of Communications for the Office of Public Liaison in the Trump White House provides an eye-opening and "explosive" (The Boston Globe) look into the corruption and controversy of the current administration. Few were a member of Donald Trump's inner orbit longer than Omarosa Manigault Newman. Their relationship spanned fifteen years—through four television shows, a presidential campaign, and a year by his side in the most chaotic, outrageous White House in history. But that relationship came to a decisive and definitive end, and Omarosa finally shares her side of the story in this "deftly executed" (The Guardian), jaw-dropping account. A stunning tell-all and takedown from a strong, intelligent woman who took every name and number, Unhinged is a must-read for any concerned citizen.

The unvarnished and unbiased inside story of President Donald Trump and his White House by New York Times bestselling author Ronald Kessler Based on exclusive interviews with the president and his staff, The Trump White House: Changing the Rules of the Game tells the real story of what Donald Trump is like, who influences him, how he makes decisions, what he says about the people around him, and how he operates when the television lights go off, while portraying the inside story of the successes that have already brought solid results as well as the stumbles that have turned off even longtime

Where To Download 2018 Donald Trump Out Of Office Countdown Box Calendar Is It 2021 Yet

supporters and undercut his agenda. The Trump White House reveals: " Trump aides Ivanka Trump and her husband Jared Kushner have been responsible for Trump's most disastrous decisions. Trump is aware that his daughter and son-in-law are problems and has hinted to them that they should go back to New York. Seeing Jared on TV, Trump said, "Look at Jared, he looks like a little boy, like a child." " First Lady Melania Trump has a tremendous impact on policy and strategy. She sits in on meetings and is widely admired by aides for her judgment. " Kellyanne Conway is the No. 1 White House leaker. " Trump's Secret Service Director Randolph "Tex" Alles proposed withdrawing protection from some Trump family members and aides to save money. Horrified White House staffers shot down the idea. " Trump has told friends that billionaires are constantly asking him to fix them up with longtime Communications Director Hope Hicks, a former model, but he says he refuses. " Trump calls certain reporters directly, feeding them stories attributed to "a senior White House official," creating the impression that the White House leaks even more than it already does. Never before has an American president had so much impact on the country and the world in so short a time as Donald Trump. Yet no president has stirred so much controversy, dominating media coverage and conversation both pro and con. Months after Trump took office, consumer confidence hit a seventeen-year high, unemployment plummeted to the lowest level in seventeen years, and the stock market zoomed to repeated record highs. At the same time, ISIS was nearly defeated, Arab countries banded together to stop financing terrorists and promoting radical Islamic ideology, and Trump's decision to send missiles into Syria because of its use of chemical weapons and his strident warnings to North Korean leader Kim Jong-un made it clear to adversaries that they take on the United States at their peril. Yet for all the media coverage, Trump remains a cipher. Ronald Kessler has known Trump and First Lady Melania Trump for two decades and understands him better than any other journalist. The book includes an exclusive interview with Trump, the only interview he says he has given or will give for a book as president. Crammed with media-grabbing revelations. The Trump White House is the unvarnished and unbiased inside story that answers the question: Who is Donald Trump?

NEW YORK TIMES BESTSELLER " "Comprehensive, enlightening, and terrifyingly timely." "The New York Times Book Review (Editors' Choice)
WINNER OF THE GOLDSMITH BOOK PRIZE " SHORTLISTED FOR THE LIONEL GELBER PRIZE " NAMED ONE OF THE BEST BOOKS OF THE YEAR BY The Washington Post " Time " Foreign Affairs " WBUR " Paste Donald Trump's presidency has raised a question that many of us never thought we'd be asking: Is our democracy in danger? Harvard professors Steven Levitsky and Daniel Ziblatt have spent more than twenty years studying the breakdown of democracies in Europe and Latin America, and they believe the answer is yes. Democracy no longer ends with a bang—in a revolution or military coup—but with a whimper: the slow, steady weakening of critical institutions, such as the judiciary and the press, and the gradual erosion of long-standing political norms. The good news is that there are several exit ramps on the road to authoritarianism. The bad news is that, by electing Trump, we have already passed the first one. Drawing on decades of research and a wide range of historical and global examples, from 1930s Europe to contemporary Hungary, Turkey, and Venezuela, to the American South during Jim Crow, Levitsky and Ziblatt show how democracies die—and how ours can be saved. Praise for How Democracies Die "What we desperately need is a sober, dispassionate look at the current state of affairs. Steven Levitsky and Daniel Ziblatt, two of the most respected scholars in the field of democracy studies, offer just that." "The Washington Post "Where Levitsky and Ziblatt make their mark is in weaving together political science and historical analysis of both domestic and international democratic crises; in doing so, they expand the conversation beyond Trump and before him, to other countries and to the deep structure of American democracy and politics." "Ezra Klein, Vox "If you only read one book for the rest of the year, read How Democracies Die. . . . This is not a book for just Democrats or Republicans. It is a book for all Americans. It is nonpartisan. It is fact based. It is deeply rooted in history. . . . The best commentary on our politics, no contest." "Michael Morrell, former Acting Director of the Central Intelligence Agency (via Twitter) "A smart and deeply informed book about the ways in which democracy is being undermined in dozens of

countries around the world, and in ways that are perfectly legal. FAREED ZAKARIA, CNN

While the roads to Congress are often full of potholes, in 2018 many of those roads looked like mine fields. With partisan control of both chambers of Congress up for grabs in the first midterm of the Trump presidency and the theme of potential impeachment looming on both sides, *The Roads to Congress 2018* offers inside views of this critical election through expert analysis and case studies of the year's most high-profile races. Thematic chapters examine the intraparty battles occurring within both the Democratic and Republican parties, the use of social media as part of House and Senate campaigns (including Twitter use by and about President Trump), and the potential impact of an increasingly diverse Congressional candidate pool on the structure and functions of the national legislative branch. Additionally, key case studies written by local experts offer fresh analysis and original insights on a sampling of major campaigns spread across the country, featuring in-depth analyses of contentious U.S. House and Senate campaigns across the nation. This book illuminates the key themes and trends coming out of the 2018 midterm elections to help readers cast off the uncertainty that surrounds our politics, and to understand the dynamics of elections which may either herald the triumph or signal the demise of Trumpism.

Introduction Donald J. Trump is the king of Twitter. He is without a doubt the biggest, most significant and the most prolific individual user of Twitter ever. With an average of over 4000 tweets each year, no other individual comes close. Whether you are pro Trump, anti-Trump or a Trump neutral the undeniable fact is that Donald Trump is a very significant and consequential figure of this time and history. And that he will be watched, studied, analyzed and dissected in the years, decades and centuries to come. I count us only very lucky to have him use Twitter as profusely as he does to pour out his heart and soul. Therefore, more than any books Trump has written or that has been written about Trump, it is only in his direct tweets that we really have a pure insight into the mind, soul and character of the real Donald J. Trump, in his own words "the honest and unfiltered" President Trump. No history of President Trump's administration or President Trump the man is complete without a chronicle of his generous tweets. All of his highs, his lows, controversies, policy fights, personal fights, verbal attacks, ideas, wins, losses, name-callings, tantrums, rants, likes and dislikes during his action-packed presidency all played out on twitter and captured in this compilation ... a very intense read. It is a complete day-by-day; month-by-month compilation of Donald J. Trump's every tweet as President of the USA encapsulated into one easily perusable reference unit. About the book Such interest in the tweets of President Trump has led many to try to search backwards for his earlier tweets only to find out that there are limits to how far one can go with regular Twitter searches. So I have embarked on this, a complete compilation of Donald Trump's tweets starting from the beginning of his Presidency to the present day, to conclude at his exit. Due to the large number of his tweets the book comes in volumes of a year's tweet per volume beginning from January 1, 2017. Volume 1: Jan 2017 - Dec 2017(456 pages), Volume 2: Jan 2018 - Dec 2018 and Volume 3: Jan 2019 - Dec 2019. To be continued yearly till the day he leaves office. Welcome to TRUMP by TRUMP: The presidential Tweets of Donald J. Trump
