face on America's maligned and caricatured subculture. "A fascinating glimpse into a hidden lifestyle.... It's an instantly gratifying page-turner.... It emerges as a personality-filled memoir about an unforgettable group of women." —Seattle Weekly Not a single legal prostitute in Nevada had contracted HIV since testing began in 1986. Why? Harvard medical student Alexa Albert traveled to Nevada in search of answers. Gaining unprecedented access to the infamous and notoriously secretive Mustang Ranch, Albert reveals a fascinatingly insular world where the women share their experiences with unexpected candor. There's Dinah, Mustang's oldest prostitute, who turned her first trick years ago at age fifty-one. And Savannah, a woman who views her work as a "healing" social service for needy men. Nevada's legal brothels are an incredibly rich environment for examining some of this nation's thorniest social issues. From problems of class and race to the meaning of family, honor, and justice—all are found within this complex and singular microcosm. And in a country where prejudice is a dirty word—but not as dirty as hooker—these social issues are compounded and deepened by the stifling stigma that has always plagued the profession. But in the end, all of Mustang's working girls are just women trying to earn their way to happiness. Brothel is a landmark work that probes beyond the veil of desire and fantasy in which the sex trade shrouds itself—and uncovers the naked humanity at its core.

A veteran police sergeant offers his truthful and sometimes amusing observations of the dangers, frustrations, rewards, and unglamorous reality of life as a policeman.

“There’s a fine line between gossip and history, when one is talking about kings.” Sophie Fitzosborne lives in a crumbling castle in the tiny island kingdom of Montmaray with her eccentric and impoverished royal family. When she receives a journal for her sixteenth birthday, Sophie decides to chronicle day-to-day life on the island. But this is 1936, and the news that trickles in from the mainland reveals a world on the brink of war. The politics of Europe seem far away from their remote island—until two German officers land a boat on Montmaray. And then suddenly politics become very personal indeed. \*\*\*\*\* "You know what they say...a happy vagina is a happy woman. Well, they might not say that, but they should." -Alli  
Thirty-five year-old Allison "Alli" Lancaster has it all—a fabulous job, a beautiful 15 year-old daughter, a hilarious BFF and a gorgeous house with a pool and Jacuzzi in an exclusive Las Vegas neighborhood. What she doesn't have is a husband, because she kicked her lousy, cheating ex to the curb nine months ago. Since then, Alli has paid her dues with seemingly endless self-improvement and seemingly endless mourning. Now she's ready to move on and try new things. Alli's idea of "trying new things" is nothing like that devil-of-a-best-friend of hers. Somehow, Sara, the devil of a best friend, talks Alli into trying out a sex toy, sleeping with a younger man and letting a stranger in a lab jacket put hot wax on a place that should never, ever, ever see wax. And that's only the beginning. Alli never saw her life going quite like this. She also never thought she'd meet someone else who had the very real potential to change her life forever. But she did. Enter the new guy. He's gorgeous, refined and mature. He's also marriage material. But that poses a problem for Alli, who renounced the institution of marriage when she renounced her ex. What's a girl to do? They say that what happens in Vegas, stays in Vegas. But what the heck happens when you can't leave Vegas? Well, you spin the wheel, of course. You

Pictorial story starters, arranged in a progressive sequence, give young writers lots of help at first, but then less help as youngsters build skills and become more self-reliant. Initial story starters supply lists of words young writers can incorporate into their narratives; mid-book story starters provide first or last sentences to help youngsters shape their plots' beginnings and endings; and the final few open-ended prompts are pictures only, requiring the full employment of students' imaginations and skills.
