When a bomb goes off at 221B Baker Street, Evelina Cooper is thrown into her uncle Sherlock's world of mystery and murder. But just when she thought it was safe to return to the ballroom, old, new, and even dead enemies are clamoring for a place on her dance card. Before Evelina's even unpacked her gowns for a country house party, an indiscretion puts her in the power of the ruthless Gold King, who recruits her as his spy. He knows her disreputable past and exiles her to the rank alleyways of Whitechapel with orders to unmask his foe. As danger mounts, Evelina struggles between hiding her illegal magic and succumbing to the darker aspects of her power. One path keeps her secure; the other keeps her alive. For rebellion is brewing, a sorcerer wants her soul, and no one can protect her in the hunting grounds of Jack the Ripper. Praise for Emma Jane Holloway's *A Study in Silks* "This book has just about everything: magic, machines, mystery, mayhem, and all the danger one expects when people's loves and fears collide. I can't wait to return to the world of Evelina Cooper!" Kevin Hearne, New York Times bestselling author of *The Iron Druid Chronicles* "As Sherlock Holmes's niece, investigating murder while navigating the complicated shoals of Society and romance in an alternate Victorian England, Evelina Cooper is a charming addition to the canon." Jacqueline Carey, New York Times bestselling author of the *Kushiel's Legacy* series "Holloway takes us for quite a ride, as her plot snakes through an alternate Victorian England full of intrigue, romance, murder, and tiny sandwiches. Full of both thrills and frills." Nicole Peeler, author of the *Jane True* series "A Study in Silks is a charming, adventurous ride with a heroine who is both clever and talented. The brushes with the Sherlock Holmes mythos only add to the fun of this tale, and readers are bound to fall in love with Evelina and the London she inhabits." Philippa Ballantine, author of *Geist* "In *A Study in Silks*, Emma Jane Holloway has created a wonderful reimagining of the Sherlock Holmes mythos set in a late-Victorian Britain ruled by nefarious industrial titans called steam barons. Holloway's clever writing, attention to detail, and sublime characters forge a fascinating world that combines brass-plated steampunk technology with magic. By turns a coming-of-age story, a gas-lamp thriller, and a whimsical magical fantasy, *A Study in Silks* is the premiere novel of an author to watch." Susan Griffith, author of the *Vampire Empire* series "Holloway stuffs her adventure with an abundance of characters and ideas and fills her heroine with talents and graces, all within a fun, brisk narrative." Publishers Weekly "Splendid . . . The characters are thoroughly charming and the worldbuilding is first-rate." RT Book Reviews (four stars)

A European trading concern hires Marlow to pilot a boat up the Congo River in search of Kurtz—a first-class ivory agent and the manager of the company's highly profitable Inner Station—who is believed to be on his deathbed. With a handful of pilgrims as his passengers and a crew of cannibals, Marlow steams his way into the African interior. The terrifying discovery he makes at the end of his journey and the horrors he witnesses along the way have thrilled and disturbed readers for more than a century. A searing indictment of imperialism and a haunting exposé of mankind's savage nature, *Heart of Darkness* is Joseph Conrad's masterpiece. This ebook has been professionally proofread to ensure accuracy and readability on all devices. *Heart of Darkness* is a classic of world literature. The book tells a story about a voyage up the Congo River into the Congo Free State, in the heart of Africa. Marlow, the story's narrator, tells his story to friends aboard a boat anchored on the River Thames, London, England. This setting provides the frame for Marlow's story of his obsession with the ivory trader Kurtz, which enables Conrad to create a parallel between London and Africa as places of darkness. Central to Conrad's work is the idea that there is little difference between so-called civilized people and those described as savages; *Heart of Darkness* raises important questions about imperialism and racism. Joseph Conrad acknowledged that *Heart of Darkness* was in part based on his own experiences during his travels in Africa. In 1890, at the age of 32, he was appointed by a Belgian trading company to serve as the captain of a steamer on the Congo River. Joseph Conrad (1857-1924), was a Polish author who wrote in English after settling in England. Conrad is regarded as one of the greatest novelists in English, though he did not speak the language fluently until he was in his twenties. He wrote stories and novels, often with a nautical setting, that depict trials of the human spirit in the midst of an indifferent universe. He was a master prose stylist who brought a distinctly non-English tragic sensibility into English literature. One of the best books ever written on one of humanity's greatest epics, W. R. Johnson's classic study of Vergil's Aeneid challenges centuries of received wisdom. Johnson rejects the political and historical reading of the epic as a record of the glorious prehistory of Rome and instead foregrounds Vergil's enigmatic style and questioning of the heroic myths. With an approach to the text that is both grounded in scholarship and intensely personal, and in a style both rhetorically elegant and passionate, Johnson offers readings of specific passages that are nuanced and suggestive as he focuses on the "somber and nourishing fictions" in Vergil's poem. A timeless work of scholarship, *Darkness Visible* will enthrall classicists as well as students and scholars of the history of criticism—specifically the way in which politics influence modern readings of the classics—and of poetry and literature.
