This book gives considerations for both stock and performance rebuilds. It also guides you through both the easy and tricky procedures, showing you how to rebuild your engine and ensure it is working perfectly. In your intimate relationships, have you found it difficult to get close without losing your sense of self? In this groundbreaking bestseller by accomplished family therapist Dan Neuharth, Ph.D., you'll discover whether your parents controlled eating, appearance, speech, decisions, feelings, social life, and other aspects of your childhood—and whether that control may underlie problems you still struggle with in adulthood.
