make steady, sure progress if we preserve our individualism, preserve and stimulate the initiative of our people, insist on and maintain the safeguards to equality of opportunity, and honor service as a part of our national character.

A history of roaring prosperity—and economic cataclysm: “ The one account of America in the 1920s against which all others must be measured ” (The Washington Post). Beginning November 11, 1918, when President Woodrow Wilson declared the end of World War I in a letter to the American public, and continuing through his defeat, Prohibition, the Big Red Scare, the rise of women ’ s hemlines, and the stock market crash of 1929, *Only Yesterday*, published just two years after the crash, chronicles a decade like no other. Allen, who witnessed firsthand the events he describes,

immerses you in the era of flappers, speakeasies, and early radio, making you feel like part of history as it unfolds. This bestselling, enduring account brings to life towering historical figures including J. Pierpont Morgan, Henry Ford, Sigmund Freud, Albert Einstein, Al Capone, Babe Ruth, and Jack Dempsey. Allen provides insightful, in-depth analyses of President Warren G. Harding ' s oil scandal, the growth of the auto industry, the decline of the family farm, and the long bull market of the late twenties. Peppering his narrative with actual stock quotes and breaking financial news, Allen tracks the major economic trends of the decade and explores the underlying causes of the crash. From the trial of Nicola Sacco and Bartolomeo Vanzetti to the inventions, crazes, and revolutions of the day, this timeless work will continue to be savored for generations to come.

THE AMERICAN PAGEANT enjoys a reputation as one of the most popular, effective, and entertaining texts on American history. The colorful anecdotes, first-person quotations, and trademark wit bring American history to life. The 16th edition includes a major revision of Part Six (the period from 1945 to the present), reflecting recent scholarship and providing greater thematic coherence. The authors also condensed and consolidated material on the Wilson presidency and World War I (formerly Chapters 29 and 30) into a new single chapter. A new feature, “ Contending Voices, ” offers paired quotes from original historical sources, accompanied by questions that prompt students to think about conflicting perspectives on controversial subjects. Additional pedagogical aids make THE AMERICAN PAGEANT accessible to students: part

joined together to create the book they wanted for their own students—an accessible, synthetic narrative that reflects the best of recent historical scholarship and provides a jumping-off point for discussions in the U.S. history classroom and beyond. Long before Whitman and long after, Americans have sung something collectively amid the deafening roar of their many individual voices. The Yawp highlights the dynamism and conflict inherent in the history of the United States, while also looking for the common threads that help us make sense of the past. Without losing sight of politics and power, *The American Yawp* incorporates transnational perspectives, integrates diverse voices, recovers narratives of resistance, and explores the complex process of cultural creation. It looks for America in crowded slave cabins, bustling markets, congested tenements, and marbled halls. It navigates between

maternity wards, prisons, streets, bars, and boardrooms. The fully peer-reviewed edition of *The American Yawp* will be available in two print volumes designed for the U.S. history survey. Volume I begins with the indigenous people who called the Americas home before chronicling the collision of Native Americans, Europeans, and Africans. *The American Yawp* traces the development of colonial society in the context of the larger Atlantic World and investigates the origins and ruptures of slavery, the American Revolution, and the new nation's development and rebirth through the Civil War and Reconstruction. Rather than asserting a fixed narrative of American progress, *The American Yawp* gives students a starting point for asking their own questions about how the past informs the problems and opportunities that we confront today.

Voted America's Best-Loved Novel in PBS's The Great American Read Harper Lee's Pulitzer Prize-winning masterwork of honor and injustice in the deep South—and the heroism of one man in the face of blind and violent hatred One of the most cherished stories of all time, *To Kill a Mockingbird* has been translated into more than forty languages, sold more than forty million copies worldwide, served as the basis for an enormously popular motion picture, and was voted one of the best novels of the twentieth century by librarians across the country. A gripping, heart-wrenching, and wholly remarkable tale of coming-of-age in a South poisoned by virulent prejudice, it views a world of great beauty and savage inequities through the eyes of a young girl, as her father—a crusading local lawyer—risks everything to defend a black man unjustly accused of a terrible crime.

Chapter 23 Answers

Historians overwhelmingly have blamed the demise of Reconstruction on Southerners' persistent racism. Heather Cox Richardson argues instead that class, along with race, was critical to Reconstruction's end. Northern support for freed blacks and Reconstruction weakened in the wake of growing critiques of the economy and calls for a redistribution of wealth. Using newspapers, public speeches, popular tracts, Congressional reports, and private correspondence, Richardson traces the changing Northern attitudes toward African-Americans from the Republicans' idealized image of black workers in 1861 through the 1901 publication of Booker T. Washington's *Up from Slavery*. She examines such issues as black suffrage, disenfranchisement, taxation, westward migration, lynching, and civil rights to detect the trajectory of Northern

disenchantment with Reconstruction. She reveals a growing backlash from Northerners against those who believed that inequalities should be addressed through working-class action, and the emergence of an American middle class that championed individual productivity and saw African-Americans as a threat to their prosperity. The Death of Reconstruction offers a new perspective on American race and labor and demonstrates the importance of class in the post-Civil War struggle to integrate African-Americans into a progressive and prospering nation.

The presidential election of 1884, in which Grover Cleveland ended the Democrats' twenty-four-year presidential drought by defeating Republican challenger James G. Blaine, was one of the gaudiest in American history, remembered today less for its political

significance than for the mudslinging and slander that characterized the campaign. But a closer look at the infamous election reveals far more complexity than previous stereotypes allowed, argues Mark Summers. Behind all the mud and malarkey, he says, lay a world of issues and consequences. Summers suggests that both Democrats and Republicans sensed a political system breaking apart, or perhaps a new political order forming, as voters began to drift away from voting by party affiliation toward voting according to a candidate's stand on specific issues. Mudslinging, then, was done not for public entertainment but to tear away or confirm votes that seemed in doubt. Uncovering the issues that really powered the election and stripping away the myths that still surround it, Summers uses the election of 1884 to challenge many of our preconceptions about Gilded Age politics.
