It's never been easier to attack Attack on Titan than with these new, giant-sized 3-in-1 omnibus editions! If you've been waiting for the final anime season to check out the do-or-die shonen adventure that defined a decade, now's your chance. These new books tuck almost 600 pages of manga behind a specially-embossed cover, all in a larger size than the regular version. Includes Vol. 7-9 of Attack on Titan. The Survey Corps sets a cunning trap to capture the mysterious Abnormal Titan that broke through their ranks. As Armin tries to determine the grotesque creature's identity and purpose, scouts report Titans closing in on all sides! But they don't seem to be after the humans - instead they're targeting the Titan!

TAKE A STAND FOR HUMANITY Kuklo left the walls behind for one reason: To see a Titan for himself, and finally banish the doubts that have dogged him about his own humanity. That mission has been accomplished, but not everything has gone according to plan. Now Kuklo is on the run with the Survey Corps from a 10-meter-class Titan. But it soon becomes clear to Kuklo and Commander Pike that they have no chance to reach the wall in time. To live, they'll have to fight!

A prequel to the blockbuster Attack on Titan series, Before the Fall is a three volume young adult fiction fantasy novel series set years before the events that transpire with Eren and Mikasa. Together, the second and third volumes of Before the Fall are yet another prequel story and they are for the most part separate from the story of Angel and Wall Maria. In this collection we are introduced to a new character, Kuklo, who was found as a baby crying in a mass of Titan vomit, amidst the dead titan corpses. He is called "a child of titan" and is essentially hated by the people inside the walls. Kuklo, despite his horrible beginnings and a single-functioning eye, also seems to grow unnaturally fast. He parts himself from his past and gambles on the fate of humanity by enlisting in the Survey Corps. This group functions primarily outside of the safety of the walls. And here with his strength and determination Kuklo survives and thrives. But to accomplish this he gets his hands on the Vertical Maneuvering Equipment. Although the gear is still imperfect and causes a troublesome incident for Kuklo, he fights the titans. Whether it is because it is his fate to fight them, or it is because of his past, he fights against them.

Humanity has learned to live in complacency behind its high walls, protected from the giant Titans. But when a Titan-worshipping cult opens one of the gates, a Titan wreaks havoc, consuming the cultists. After the rampage is over, two young Survey Corps members are shocked to discover a pregnant woman's partially digested corpse - with her baby still alive inside it! What will the fate of this 'child of the Titans' be? And how will humanity learn to cope with the Titan threat?

After ending up on a deserted island, what should have been a desperate tale of survival for Masato's party turns out to be...fun times at a resort?! Thanks to Mamako, island life feels no different from being at home! The cutting-edge momcom adventure continues with the Deserted Island arc!

Before the fall, and before the trials of "the Titan's son" Kuklo, a young smith by the name of Angel Aaltonen grappled with the giants as only a craftsman could... The first of the three-part Before the Fall light novels, whose second and third installments have been adapted into a manga of the same name, this prequel of prequels details the origins of the devices that humanity developed to take on the mysterious Titans.

These new books tuck almost 600 pages of manga behind a specially-embossed cover, all in a larger size than the regular version. Includes Vol. 1-3 of Attack on Titan. For eons, humans ruled the natural world. But a century ago, everything changed when the Titans appeared. Giant, grotesque parodies of the human form, these sexless monsters consumed all but a few thousand human beings, who took refuge behind giant walls. Today, the threat of the Titans is a distant memory, and a boy named Eren yearns to explore the world beyond the wall. But what began as a childish dream will become an all-too-real nightmare when a Titan finally knocks a hole in the wall, and humanity is once again on the brink of extinction...
