In this hilarious instant classic, the

creator of The Mindy Project and Never Have I Ever invites readers on a tour of her life and her unscientific observations on romance, friendship, and Hollywood. “[Kaling is] like Tina Fey’s cool little sister. Or perhaps . . . the next Nora Ephron.”—The New York Times Mindy Kaling has lived many

lives: the obedient child of immigrant professionals, a timid chubster afraid of her own bike, a Ben Affleck—impersonating Off-Broadway performer and playwright, and, finally, a comedy writer and actress prone to starting fights with her friends and coworkers with the sentence “Can I

Perhaps you want to know what Mindy thinks makes a great best friend (someone who will fill your prescription in the middle of the night), or what makes a great guy (one who is aware of all elderly people in any room at any

time and acts accordingly), or what is the perfect amount of fame (so famous you can never get convicted of murder in a court of law), or how to maintain a trim figure (you will not find that information in these pages). If so, you've come to the right book, mostly! With several conveniently placed

The author of the international bestseller *How to Be a Woman* returns with another “hilarious neo-feminist manifesto” (NPR) in which she reflects on parenting, middle-age, marriage, existential crises—and, of course, feminism. A decade ago, Caitlin Moran

burst onto the scene with her instant bestseller, *How to Be a Woman*, a hilarious and resonant take on feminism, the patriarchy, and all things womanhood. Moran's seminal book followed her from her terrible 13th birthday through adolescence, the workplace, strip-clubs, love, and

beyond—and is considered the inaugural work of the irreverent confessional feminist memoir genre that continues to occupy a major place in the cultural landscape. Since that publication, it's been a glorious ten years for young women: Barack Obama loves Fleabag, and Dior make

“FEMINIST” t-shirts. However, middle-aged women still have some nagging, unanswered questions: Can feminists have Botox? Why isn't there such a thing as “Mum Bod”? Why do hangovers suddenly hurt so much? Is the camel-toe the new erogenous zone? Why do all your clothes

and the patriarchy. More Than a Woman is a brutally honest, scathingly funny, and absolutely necessary take on the life of the modern woman—and one that only Caitlin Moran can provide.
