Subject Details: Chemistry HL Paper 3
Markscheme Mark Allocation
Candidates are required to answer
questions from TWO of the options [2
x 25 marks]. Maximum total = [50
marks]. 1. A markscheme often has
more marking points than the total
allows. This is intentional. Do not
award more than the maximum marks
allowed for part of a question. 2.

The 1:2 ratio of marks (paper 3-to-paper 2) for SL versus the 2:3 ratio for HL is important to bear in mind when deciding how much time to give over to each exam in preparation. On a similar note, the emphasis on the Option is different for SL and HL. The Option forms a much smaller fraction of the overall mark if you are studying it at SL.
