This book, based on authoritative sources and reports, links environmental communication to different fields of competence: environment, sustainability, journalism, mass media, architecture, design, art, green and circular economy, public administration, big event management and legal language. The manual offers a new, scientifically based perspective, and adopts a theoretical-practical approach, providing readers with qualified best practices, case studies and 22 exclusive interviews with professionals. A fluent style of writing leads the readers through specific details, enriching their knowledge without being boring. As such it is an excellent preparatory and interdisciplinary academic tool intended for university students, scholars, professionals, and anyone who would like to know more on the matter.

Consists of separately numbered series of publications of the Parlamento as a whole, the Senato, and the Camera dei deputati. Each session is divided into Disegni di leggi; Documenti; and: Discussioni.

This collection of papers studies the Hippocratic writings in their relationship to the intellectual, social, cultural and literary context in which they were written, as well as the impact and reception of Hippocratic thought in later antiquity and the early modern period.

This Festschrift honours Günter Stemberger on the occasion of his 75th birthday on 7 December 2015 and contains 41 articles from colleagues and students. The studies focus on a variety of subjects pertaining to the history, religion and culture of Judaism – and, to a lesser extent, of Christianity – from late antiquity and the Middle Ages to the modern era.
