The 6.0 MPI features Crusader's totally new HO exhaust system, which has high performance aluminum heads and is freshwater cooled. The distributorless ignition with platinum tip spark plugs stretches maintenance intervals into years. The serpentine belt system with auto-tension makes it incredibly easy to change the impeller. Key Features

Customer Reviews About Crusader Marine Engines

In the real world, Crusader outperforms all others in terms of reliability and longevity. Its not unusual for me to find Crusader engines 15-20 years old that are still going strong in the seawater environment, whereas its rather rare to find other engines going this long.

I have a 454 crusader engine. The Jet marine carburetor was a great fit. there was no need to re-jet the unit as many other carburetors. the electric choke works wonderful during cold starting.
