Practice Your Skills exercises in Discovering Algebra. Like the Practice Your Skills exercises, these worksheets allow students to practice and reinforce the important procedures and skills developed in the lessons. Some of these problems provide non-contextual skills practice. Others give students an opportunity to apply skills

More Practice Your Skills with Answers

In Discovering Geometry we develop reasoning skills in four general ways: 1. First, when students perform investigations and make conjectures in the form of formulas (e.g., a formula for the number of diagonals of an n-gon or a formula for the sum of the measures of the interior angles of an n-gon) students must use inductive reasoning while doing geometry.
