Here's the first of three in this series of books about a different species of Werewolf called, Hidden Wolves. Christopher Lukos, a good, honest, man of principles, became a Hidden Wolf by acquiring a wolf's spirit. He doesn't transform into a furry, snout and tail growing Werewolf. Christopher only changed into a Hidden Wolf on the inside of his body, he acquired the wolf's heightened senses, extraordinary abilities of strength and speed and the vicious desire to kill and feast. At first he unknowingly killed innocent people. Christopher hated himself as a vicious killer and tried to deny the wolf spirit by not giving into it by refusing to kill and feast, which only weakened him. Because of his denial and while he was in a weakened state, Christopher reluctantly did kill again, which drove him over the edge. In uncovering a complex and diverse archive, *Dreams and Modernity* reveals how the explosion of interest in dreams informed the psychic, imaginative and intimate life of the modern subject.
