Training and development have a direct influence on human and social capital because they affect education, work-related know-how and competence, and work relationships. Training and development can have an indirect influence on customer and social capital by helping employees better serve customers and by providing them with the knowledge needed to create patents and intellectual property.

Noe, 5th Ed

Training, development, and career management are no longer in the category of "nice to do"; they are now a "must do" for companies to gain competitive advantage and meet employee expectations. The sixth edition of Employee Training and Development will equip students with a solid background in the fundamentals of training and development in order to meet the demands of today's global work environment. -- from back
