EngineRoomEdit - Imagine News

Layout [edit | edit source] The engine room is mostly circular with one inaccessible door, forcing the player to explore the area in a clockwise fashion. The area inaccessible via the main room is linear, with straight hallways and corridors. Scattered throughout are aliens, support drones, and guardian drones. There are also a few opportunities for the player to sabotage turrets.

Luigi's Engine Room is Luigi 's board in Mario Party. Players need to collect Stars to power up the engine in the middle of the room (but actually in the rear of the playing board). The main feature is the board-wide system of red and blue doors. One set rises up to block specific paths, while the other set goes down to open other paths.

Luigi's Engine Room - Super Mario Wiki, the Mario encyclopedia

On a ship, the engine room is the compartment where the machinery for marine propulsion is located. To increase a vessel's safety and chances of surviving damage, the machinery necessary for the ship's operation may be segregated into various spaces. The engine room is generally the largest physical compartment of the machinery space. It houses the vessel's prime mover, usually some variations of a heat engine. On some ships, there may be more than one engine room, such as forward and aft, or po
