Entopia began its journey with David Goh, a young teacher with interest and passion for butterflies. Simply inspired, he set out to establish a tropical butterfly farm as a tourist destination in Penang. In 1986, this self-taught entomologist, founded the tropical world's first butterfly and insect sanctuary, known as the Penang Butterfly Farm.

For what seems like an eternity, Peyton is trapped in a floating glass sphere, her mind wiped of all memories but for the one in which a car accident took her life. Her journey through the vast, empty waters finally comes to an end when she arrives at Entopia, an island in the afterlife with landscapes beyond her wildest dreams. Peyton is forced to dive head first into the violent, spellbinding culture on Entopia, while also being haunted by the omnipresent violence of her death. She needs to learn and adapt quickly, as the

Convergence is approaching, a grueling tournament that grants the winning team reincarnation. However, she soon learns that there are bigger stakes than just the Convergence when the neighboring islands attack Entopia to try to take over the island and control the portal to earth. With the help of her friends, Peyton discovers her potential to thwart the other islands and save Entopia. But the islands have a fierce thirst for the portal, and Peyton soon learns that she must push herself to her absolute limits if she wants any hope of having a normal life again.

This book presents an African Christian movement full of vitality and creativity. The reader will meet

believers who drink milk so that they may dream about angels, reports about funerals where the mourners dance with the coffin on their shoulders and church members who are ritually not allowed to fertilize their fields or wear neck ties. The author's unique insight into Malawi's Christian community addresses important issues in society. Why have 'Spirit Churches,' including Pentecostalism, been so successful in Malawi? Why do some religious groups still refuse medical help, up to the point that children die of cholera? How did the independent churches deal with the colonial trauma? In this masterful portrait, Strohbehn takes the reader from industrial mine compounds to rural colonies, where churches

It started out simply enough. A young bee named William wanted to pollinate some flowers. The flowers were in the office of a candy factory, and when the factory's janitor sucks William into his shop vacuum, the bee begins an incredible adventure. Inside the vacuum he discovers a town of insects living together peacefully. Soon the insects will be forced to give up their wonderful town. William's beehive is in danger, and they must help it survive a sugar-ant invasion. Their adventures take them on an incredible journey, and will bring them new hope for their community of misfits.
