Our goal is to cover as many equation solver apps and calculators to raise awareness among students.

Algebra Calculator - Math Solver
We have just found the solution of the equation. The solution is a value for the variable that makes the equation true. We then say that the value, 4, in our example, satisfies the equation. We can easily verify that 4 is a solution by substituting this value in the original equation. This step is called checking the solution. Check. $x + 16 = 20$

Equations and Inequalities - softmath
