[Classic Books Library presents this brand new edition of \[The Federalist Papers\], a collection of separate essays and articles compiled in 1788 by Alexander Hamilton. Following the United States Declaration of Independence in 1776, the governing doctrines and policies of the States lacked cohesion. \[The Federalist\], as it was previously known, was constructed by American statesman Alexander Hamilton, and was intended to catalyse the ratification of the United States Constitution. Hamilton recruited fellow statesmen James Madison Jr., and John Jay to write papers for the compendium, and the three are known as some of the Founding Fathers of the United States. Alexander Hamilton \(c. 1755-1804\) was an American lawyer, journalist and highly influential government official. He also served as a Senior Officer in the Army between 1799-1800 and founded the Federalist Party, the system that governed the nation's finances. His contributions to the Constitution and leadership made a significant and lasting impact on the early development of the nation of the United States.](#)

[Addressed to the Inhabitants of America, on the Following Interesting Subjects, viz.: I. Of the Origin and Design of Government in General, with Concise Remarks on the English Constitution, II. Of Monarchy and Hereditary Succession. III. Thoughts on the Present State of American Affairs. IV. Of the Present Ability of America, with some Miscellaneous Reflections](#)

[This book contains in large print the complete text of the three most important documents in American history: The United States Declaration of Independence, adopted at the Second Continental Congress meeting at Philadelphia in July 1776. The Bill of Rights, the collective term of the first ten constitutional amendments, created in 1789 and ratified in 1791 at the Philadelphia Congress. The Constitutional Amendments - eleven through to twenty seven. The publisher humbly advances the notion that every American citizen should claim ownership of a copy of these essential documents, in order to benefit from and reference the wisdom which went into their creation. Together with the principle text, this edition contains images provided courtesy of the United States National Archives as well as independent photographers. Proceeds from the sale of this book go to the American Red Cross, which provides aid and relief in the United States during times of calamity or disaster.](#)

[Regional organizations play an increasingly important role in strengthening and upholding the rule of law. Regional organizations are also increasingly seeking to strengthen constitutional governance in their member states by developing regulatory frameworks that reject and sanction unconstitutional transfers of power and attempts to remain in power unconstitutionally. This publication presents and discusses the initiatives and actions in the field of rule of law and constitution building by regional organizations. It also highlights their achievements, their limitations and the challenges they face, and puts forward policy recommendations for consideration.](#)

[An examination of the unsolved mystery of the Jack the Ripper-style serial killer who terrified early 20th century Atlanta, Georgia. As Atlanta finished rebuilding after the Civil War, a new horror arose from the ashes to roam the night streets. Beginning in 1911, a killer whose methods mimicked the famed Jack the Ripper murdered at least twenty black women, from prostitutes to working-class women and mothers. Each murder attributed to the killer occurred on a Saturday night, and for one terrifying spring in 1911, a fresh body turned up every Sunday morning. Amid a stifling investigation, slayings continued until 1915. As many as six men were arrested for the crimes, but investigators never discovered the identity of the killer, or killers, despite having several suspects in custody. Join local historian Jeffery Wells as he reveals the case of the Atlanta Ripper, unsolved to this day.](#)

["Anne Bradstreet and Her Time" by Helen Campbell. Published by Good Press. Good Press publishes a wide range of titles that encompasses every genre. From well-known classics & literary fiction and non-fiction to forgotten/or yet undiscovered gems/of world literature, we issue the books that need to be read. Our goal is to produce eBooks that are user-friendly and accessible to everyone in a high-quality digital format.](#)

[In advance of the 2020 election, legal scholar Lawrence Douglas prepares readers for a less-than-peaceful transition of power. It doesn't require a strong imagination to get a sense of the mayhem Trump will unleash if he loses a closely contested election. It is no less disturbing to imagine Trump still insisting that he is the rightful leader of the nation. With millions of diehard supporters firmly believing that their revered president has been toppled by malignant forces of the Deep State, Trump could remain a force of constitutional chaos for years to come. WILL TRUMP GO? addresses such questions as: How might Trump engineer his refusal to acknowledge electoral defeat? What legal and extra-legal paths could he pursue in mobilizing a challenge to the electoral outcome? What legal, political, institutional, and popular mechanisms can be used to stop him? What would be the fallout of a failure to remove him from office? What would be the fallout of a successful effort to unseat him? Can our democracy snap back from Trump? Trump himself has essentially told the nation he will never accept electoral defeat. A book that prepares us for Trump's refusal to concede, then, is hardly speculative; it is a necessary precaution against a coming crisis.](#)
