In celebration of the twenty-fifth anniversary of the publication of Robert Newton Peck's bestselling classic, *A Day No Pigs Would Die*, here is the eagerly anticipated sequel. This must for schools, libraries, and summer reading lists is now available for the first time in paperback. Times are difficult during the Great Depression, and thirteen-year-old Rob Peck must struggle to keep his family together after the death of his father. Disaster after disaster strikes and the family is forced to sell their farm. Relying solely on their strong Shaker faith and close family ties, the Pecks finally prevail and young Rob learns that true wealth extends beyond money and that real values are priceless.

Jossey-Bass and PCG Education are proud to bring the Paths to College and Career English Language Arts (ELA) curriculum and professional development resources for grades 6-12 to educators across the country. Originally developed for EngageNY and written with a focus on the shifts in instructional practice and student experiences the standards require, Paths to College and Career includes daily lesson plans, guiding questions, recommended texts, scaffolding strategies and other classroom resources. Paths to College and Career is a concrete and practical ELA instructional program that engages students with compelling and complex texts. At each grade level, Paths to College and Career delivers a yearlong curriculum that develops all students' ability to read closely and engage in text-based discussions, build evidence-based claims and arguments, conduct research and write from sources, and expand their academic vocabulary. Paths to College and Career's instructional resources address the needs of all learners, including students with

disabilities, English language learners, and gifted and talented students. This enhanced curriculum provides teachers with freshly designed Teacher Guides that make the curriculum more accessible and flexible, a Teacher Resource Book for each module that includes all of the materials educators need to manage instruction, and Student Journals that give students learning tools for each module and a single place to organize and document their learning. As the creators of the Paths ELA curriculum for grades 6-12, PCG Education provides a professional learning program that ensures the success of the curriculum. The program includes: Nationally recognized professional development from an organization that has been immersed in the new standards since their inception. Blended learning experiences for teachers and leaders that enrich and extend the learning. A train-the-trainer program that builds capacity and provides resources and individual support for embedded leaders and coaches. Paths offers schools and districts a unique approach to ensuring college and career readiness for all students, providing state-of-the-art curriculum and state-of-the-art implementation.

The 1960s were a victorious decade for francophones in New Brunswick, who witnessed the election of the first Acadian premier and the opening of a French-language university. But in 1968, students took to the streets, demanding further concessions. Belliveau debunks the idea that students were simply heirs to a long line of nationalists seeking more rights for francophones. The student movement emerged in the late 1950s as an expression of the province's changing youth culture and then evolved as students drew inspiration from the New Left. They shifted allegiance from liberalism to radical communitarianism and ultimately fuelled a new brand of Acadian nationalism in the 1970s.

Profiles Dave Mirra, a native New Yorker and a bicycle motocross champion, focusing on the tricks and stunts he performs at the X-Games and other competitions.

In this story, two significant events in Canadian history intersect: the Rollout of the Avro Arrow on October 4, 1957, and the ongoing land claims of the First Nations Mississauga. Lois Michelsen is almost fourteen when she is uprooted from her childhood home in small-town Ontario and moved to Centrewood, a brand-new, model satellite community located on the outskirts of Toronto. Her father views it as his 'ideal city', since its plan is based on concentric circles instead of a grid plan, which Lois prefers. Only the adjacent abandoned farm with its fallow pastureland, resurgent wildlife, winding stream and quiet woods offers her solace through the long, hot and lonely summer. There she befriends a newly hatched painted turtle, discovers a red salamander and finds herself protected by a bald-headed eagle. Concerned about Lois facing a new school alone, her mother foists on her a 'new little friend' from the neighbourhood: a little hussy named Mitsy whose 'cat's eyes', sharp tongue and lewd behaviour wreak havoc. Unlike normal dreams, Lois is susceptible to 'waking visions', when real time is suspended in dual planes of reality. Her father is lead aeronautical engineer for the Avro Arrow. When she attends the Rollout in Malton, her sensibilities open her up to the 'waking vision' of an Indian chief standing on the tarmac next to the Arrow.
