From humble beginnings in 1967, JIMS® has grown into one of the industry leaders producing performance parts, accessories, tools, transmissions, and high-performance engines all aimed at enhancing the Harley rider ' s experience. Originally, Jim Thiessen worked as a machinist with the aerospace industry. As bikes were brought to the shop in the early days for repairs and mechanical problems, customers would come to Jim looking for hard to find parts, or higher quality American made parts.

Rosa's Racing | High Performance Harleys

Finally, Stage 4 is all about making the heads flow more freely to be able to maximize the amount of air that flows through the engine. Use ported heads and upgraded carbs or throttle bodies to achieve this. Harley performance stages range in difficulty to install. From quick external parts swaps to more involved internal parts upgrades.
