I didn't realize I had any talent for writing until I began posting my little stories on Facebook. Friends began to suggest they belonged in a book to be used as a devotional. And so here it is, my second book. As

you read you will meet my family, my church, and my friends and will grow to love them as I do. You will also see how they inspire me daily to write. God has given me a special ability to pull from the ordinary and watch Him make it extraordinary. He shows me how to take the little things and use them to challenge us all to live a life more pleasing to Him. He has also given me a unique sense of humor and if you add that to the mix you get what my husband refers to as “ Jackie-isms ” . My hope is that my musings will encourage you, make you smile or even laugh out loud, and remind you that you are a beloved child of the most high King. Enjoy a story one day at a time or read through several as you relax for the evening. However you decide, just enjoy the ride through Jackie ’ s World!

The 1960s was a defining decade for James Rosenquist (1933-2017), one of the most revered and influential American artists of his generation. His paintings radically tested the possibilities of perception, of the image and of the painted medium itself, propelling him to the centre of art-world attention. At the forefront of his time and the nascent Pop art movement, he combined figurative painting techniques, collage and the use of found objects to convey the contradictions inherent to the American experience ? juxtaposing John F. Kennedy and the American Dream with images relating to the Vietnam War, mass consumerism, segregation and technological innovation.0The first UK exhibition in over thirty years with an in-depth focus on this pivotal decade, 'James Rosenquist: Visualising the

Most Billiard instructional guides focus solely on the physical aspects of the game - the techniques, the shots, and the rules. Zen Pool teaches you all of these practical insights and skills, then goes one step further - showing you how to improve your total game by increasing your physical, mental, and spiritual awareness in the present moment. Many readers have described remarkable improvements after reading the lessons taught in this book - and many professional players have reported winning more tournaments. Zen Pool is your own private success coach: It will guide you to new levels of play and give you the knowledge you need to vastly improve your game. The wisdom and secrets herein have been distilled from a lifelong and fruit bearing quest, including study with, and of, many pool masters. So open Zen Pool, begin your journey, and let three-time national billiards champion Max Eberle awaken the master within you.

The thrilling adventures of Arabella Ashby continue in Arabella and the Battle of Venus, the second book in Hugo-winning author David D. Levine's swashbuckling sci-fi, alternate history series! Arabella ' s wedding plans to marry Captain Singh of the Honorable Mars Trading Company are interrupted when her fiancé is captured by the French and sent to a prisoner-of-war camp on swampy Venus. Now, Arabella must find passage to an enemy-controlled planet in the middle of a war, bribe or fight her way past vicious guards, and rescue her Captain. To do this she must enlist the help of the dashing privateer, Daniel Fox of the Touchstone and build her own clockwork navigational

automaton in order to get to Venus before the dread French general, Joseph Fouché, the Executioner of Lyon. Once on Venus, Arabella, Singh, and Fox soon discover that Napoleon has designed a secret weapon, one that could subjugate the entire galaxy if they can't discover a way to stop Fouché, and the entire French army, from completing their emperor's mandate.

From David D. Levine comes *Arabella the Traitor of Mars*, the newest book in the *Adventures of Arabella Ashby* series. Hail the conquering heroes! The tyrant, Napoleon, has been defeated with Arabella and the crew of the *Diana* leading the final charge. But, victory has come at a tremendous cost. Britain's savior, Lord Nelson, has not survived the final battle and the good people of the *Diana* must now return to London as both heroes and pallbearers. At last husband and wife, Arabella and Captain Singh seem to have earned the attention of great men, ones who have new uses in mind for the Mars Company captain and his young wife. Both Company and Crown have decided that it is time to bring Mars into the folds of Empire, and they think Singh is the perfect man to do it. Now, Arabella must decide between staying loyal to the man she loves and the country of her father or betraying all that she has known to fight alongside the Martians in a hopeless resistance against the Galaxy's last remaining superpower.

"When William III of England commissioned Capt. William Kidd to command the first expedition to Mars in the late 1600s, he proved that space travel was both possible and profitable. Now, one century later, a plantation in a flourishing British colony on Mars is home to Arabella Ashby, a young woman who is perfectly content growing up in the untamed frontier. But days spent working on complex automata with her father or stalking her brother Michael with her Martian nanny is not the proper behavior of an English lady. That is something her mother plans to remedy with a move to an exotic world Arabella has never seen: London, England"--Amazon.com.
