This is the second in the Beyond the Frontier books by Jack Campbell (of course I guess you could call it the 7th in the Lost Fleet series, but the Fleet has been back to Alliance Space so....well anyway). With Captain errr I mean Admiral John "Black Jack" (don't call me Black Jack) Geary we're again...or possibly still out at the edge of (and

The Lost Fleet is a military science fiction series written by John G. Henry under the pen name Jack Campbell. The series is set one-hundred-plus years into an interstellar war between two different human cultures, the Alliance and the Syndics. The protagonist of the story is discovered floating in a suspended animation escape pod one hundred years after he made a "heroic last stand" against an enemy fleet. In his absence, he has been made into a renowned hero in the Alliance, but his legend and

*The Lost Fleet - Wikipedia*

The Lost Fleet Beyond the Frontier Invincible (2012) by Jack Campbell is a good read. The story is told third person past tense from Admiral John (Black Jack) Geary’s point of view. Every time I read the name Black Jack I thought of Black Jack Pershing, a famous American general from the first half of the Twentieth Century.

Dreadnaught Summary. The first book of best-selling sci-fi author Jack Campbell's new series "Beyond the Frontier" returns to find Captain John “Black Jack” Geary, the hero of the "Lost Fleet" series, awoken from cryogenic sleep to take command of the fleet. Geary’s legendary exploits have earned him the adoration of the people—and the enmity of politicians convinced that a living hero can be a very inconvenient thing.

The lost fleet has found another winner. The Blackjack Geary storyline continues with this latest book in the series, following the fleet past the extreme boundaries of Syndic Space and into the unknown. All in all, great story, great characters, brilliant conflict, and intense pace. The performance doesn't lack one bit.

Invincible: The Lost Fleet: Beyond the Frontier: Campbell, Jack, Rummel, Christian: Amazon.com.au: Books

'Invincible' continues the story begun in 'Dreadnaught', following the trials and tribulations of Admiral John 'Black Jack' Geary and Captain Desjani.

Admiral John “Black Jack” Geary was revived from cryogenic sleep to lead the Alliance against the Syndicate Worlds. But his superiors question his loyalty to the regime. Now in command of the First Fleet, he is tasked with exploring the frontier beyond Syndic space, a mission he fears deliberately puts the fleet—and himself—in harm’s way... An encounter with the alien enigmas confirms Geary's fears. Attacked without warning, he orders the fleet to jump star systems—only to enter the crosshairs of another hostile alien armada. Ignoring the First Fleet’s peaceful communications, this species sends its ships into battle while it guards the exiting jump point with a fortress of incalculable power. Now Geary must find a way to reach the jump point without massive casualties—even though the enigmas could be waiting on the other side...

Awakened from a cryogenic sleep to win the century-long conflict between the Alliance and the Syndicate Worlds, Captain John "Black Jack" Geary discovers that his loyalty is being questioned and suspects that he is being deliberately sent on a suicide mission.

Admiral John “Black Jack” Geary journeys home with a captured warship and representatives of an alien species while staying one step ahead of the threatening Syndicate Worlds regime.

“One of the best military science fiction series on the market,” (Monsters and Critics) The Lost Fleet delivers thrilling combat on a grand space opera scale. Now, Admiral John “Black Jack” Geary embarks on a brand new mission—to defend the Alliance from itself—in New York Times bestselling author Jack Campbell’s latest action-packed novel... Two Syndicate World star systems have fallen prey to a mysterious fleet of warships—a fleet controlled entirely by artificial intelligence—that is now targeting Alliance space. The warships are no mystery to Geary. They were developed by his government to ensure security, but malfunctioned. If the Syndics learn the truth, the war with the Alliance will resume with a vengeance. As the government attempts to conceal the existence of the A.I. warships—and its role in their creation—Geary pursues them, treading a fine line between mutiny and obedience. But it soon becomes clear that his fleet is no match for the firepower of the machine-piloted armada. With the help of the Dancer species of aliens, Geary has tracked the A.I. ships to their secret base in the supposedly mythical Unity Alternate star system where his fleet, the last hope of the Alliance’s future, will end the conflict at any cost...

Returning from survival hibernation and assuming the command of the Alliance fleet, legendary hero Captain John "Black Jack" Geary must retrieve the stolen Syndic hypernet key to save the Alliance from destruction at the hands of the Syndics. Original.

New York Times bestselling author Jack Campbell continues his "series of fast-paced adventure" (SFRevu) as The Lost Fleet: Beyond the Frontier continues... Admiral John ?Black Jack” Geary and the crew of Dauntless have safely escorted important alien representatives to Earth. But before they can depart for home, two of Geary's key lieutenants vanish. The search for his missing men leads Geary on a far-flung chase, ultimately ending at the one spot in space from which all humans have been banned: the moon Europa. Any ship that lands there must stay or be destroyed?leaving Geary to face the most profound moral dilemma of his life. To make matters worse, strains on the Alliance are growing as the Syndics continue to meddle. Geary is ordered to take a small force to the border of Syndic space. But what he finds there is a danger much greater than anyone expected: a mysterious threat that could finally force the Alliance to its knees?

CAMPBELL/LOST FLEET VALIANT

After rescuing POWs from a labor camp in the Heradao Star System, Captain John "Black Jack" Geary discovers that the Syndics plan to ambush his fleet, forcing him to jump from one star system to the next in an effort to avoid the enemy.

Outnumbered by the superior forces and firepower of the Syndicate Worlds, the Alliance Fleet continues its dangerous retreat across the enemy star system. Led by legendary Captain John “Black Jack” Geary, the Alliance is desperately trying to return home with its captured prize: the key to the Syndic hypernet.
