Richard Ben Cramer

Joe DiMaggio was, at every turn, one man we could look at who made us feel good. In the hard-knuckled thirties, he was the immigrant boy who made it big—and spurred the New York Yankees to a new era of dynasty. He was Broadway Joe, the icon of elegance, the man who wooed and won Marilyn Monroe—the most beautiful girl America could dream up. Joe DiMaggio was a mirror of our best self. And he was also the loneliest hero we ever had. In this groundbreaking biography, Pulitzer Prize-winning journalist Richard Ben Cramer presents a shocking portrait of a complicated, enigmatic life. The story that DiMaggio never wanted told, tells of his grace—and greed; his dignity, pride—and hidden shame. It is a story that sweeps through the twentieth century, bringing to light not just America's national game, but the birth (and the price) of modern national celebrity.

A chronicle of the complex, inspiring, and sometimes tragic life of one of the century's great sports stars also examines the influence of the media and the nature of celebrity in American society.

Chronicles the complex, inspiring, and sometimes tragic life of one of the century's great sports stars, and examines the influence of the media and the nature of celebrity in American society.

The star of baseball's public triumphs and private pain.

"Revealing and little-known stories of the great Yankees Hall of Famer from the man who knew him best in the last ten years of his life"--

Examines the life of the baseball player in a new light, as a man who took his marriage to Marilyn Monroe very seriously long after their divorce, and had trouble finding a new role for himself during his retirement from the sport.

Traces the life and career of New York Yankee legend Joe DiMaggio.

Looks at the life of the star player for the New York Yankees in the 1940s and 1950s, tracing his story from his days as a San Francisco fisherman's son to his time as a true sports legend and American hero

Before Game Change there was What It Takes, a ride along the 1988 campaign trail and "possibly the best [book] ever written about an American election" (NPR). Written by Pulitzer Prize-winning journalist and New York Times–bestselling author Richard Ben Cramer, What It Takes is "a perfect-pitch rendering of the emotions, the intensity, the anguish, and the emptiness of what may have been the last normal two-party campaign in American history" (Time). An up-close, in-depth look at six candidates—George H. W. "Poppy" Bush, Bob Dole, Joe Biden, Michael Dukakis, Richard Gephardt, and Gary Hart—this account of the 1988 US presidential campaign explores a unique

Read Free Joe Dimaggio The Heros Life Richard Ben Cramer

moment in history, with details on everything from Bush at the Astrodome to Hart's Donna Rice scandal. Cramer also addresses the question we find ourselves pondering every four years: How do presumably ordinary people acquire that mixture of ambition, stamina, and pure shamelessness that allows them to throw their hat in the ring as a candidate for leadership of the free world? Exhaustively researched from thousands of hours of interviews, *What It Takes* creates powerful portraits of these Republican and Democratic contenders, and the consultants, donors, journalists, handlers, and hangers-on who surround them, as they meet, greet, and strategize their way through primary season chasing the nomination, resulting in "a hipped-up amalgam of Teddy White, Tom Wolfe, and Norman Mailer" (Los Angeles Times Book Review). With timeless insight that helps us understand the current state of the nation, this "ultimate insider's book on presidential politics" explores what helps these people survive, what makes them prosper, what drives them, and ultimately, what drives our government—human beings, in all their flawed glory (San Francisco Chronicle).
