This book investigates the relationship between environmental degradation and income, focusing on carbon dioxide (CO2) emissions from around the world, to explore the possibility of sustainable development under global warming. Although many researchers have tackled this problem by estimating the Environmental Kuznets Curve (EKC), unlike the approach to sulfur dioxide emissions, there seems to be little consensus about whether EKC is formed with regard to CO2 emissions. Thus, EKC is one of the most controversial issues in the field of environmental economics. This book contributes three points with academic rigor. First, an unbalanced panel dataset containing over 150 countries with the latest CO2 emission data between 1960 and 2010 is constructed. Second, based on this dataset, the CO2 emission – income relationship is analyzed using strict econometric methods such as the dynamic panel model. Third, as it is often pointed out that some factors other than income affect CO2 emission, several variables were added to the estimation model to examine the effects of changes of industrial structure, energy composition, and overseas trade on CO2 emission.

Astonishingly relevant portraits of the lives of seven women mystics Known to more than a million readers as the coauthor of the classic vegetarian cookbook Laurel's Kitchen, Carol Lee Flinders looks to the hunger of the spirit in Enduring Grace. In these striking and sustaining depictions of seven remarkable women, Flinders brings to life a chorus of wisdom from the past that speaks with remarkable relevance to our contemporary spiritual quests. From Clare of Assisi in the Middle East to Th é r è se of Lisieux in the late nineteenth century, Flinders's compelling and refreshingly informal portraits reveal a common foundation of conviction, courage, and serenity in the lives of these great European Catholic mystics. Their distinctly female voices enrich their writings on the experience of the inner world, the nourishing role of friendship and community in our lives, and on finding our true work. At its heart, Enduring Grace is a living testament to how we can make peace with sorrow and disappointment and bring joy and transcendence into our lives.

Jay is tired of the girl he loves mocking him in front of her friends, so he decides to get a makeover and get back at her. His plan is to get her to fall in love with his new image and not tell her it's him. Only after meeting her does he find the real truth, she once was like him and uses him as her cover. Can this be a match made in heaven, find out.
