turnarounds, cash problems, development, buying, selling, merging, and closing companies and each situation is illuminated by an MBA model. Essential reading for anyone considering or already doing an MBA and to the general business community and business students. MBA in Action aims to demystify MBA jargon and inject some humour into business life. Through MBA in Action you will benefit from John's insight into a practitioner's experience of running different businesses for over 30 years, thus providing business education, MBA education and, importantly, knowledge of how to apply this theory in the real world.

"Learn how to identify question types, simplify arguments, and eliminate wrong answers efficiently and confidently. Practice the logic skills tested by the GMAT and master proven methods for solving all Critical Reasoning problems"--Page 4 of cover.

If you're a student on an MBA or management course, you'll be expected to demonstrate a knowledge of a range of models. This textbook collects together the 45 models most likely to be required, summarized in a standard format. Each entry contains a diagram of the model; the principles on which it's based; underlying assumptions; guidance on application, and relevant issues; related models; and sources of further reference. Models are organized by subject area: accounting; business strategy; human resources; organizational strategy; and strategic marketing. An alphabetical matrix index means you can find the
