This book is designed to explain the technical ideas that are taken for granted in much contemporary philosophical writing. Notions like denumerability, modal scope distinction, Bayesian conditionalization, and logical completeness are usually only elucidated deep within difficult specialist texts. By offering simple explanations that by-pass much irrelevant and boring detail, Philosophical Devices is able to cover a wealth of material that isnormally only available to specialists. The book contains four sections, each of three chapters. The first section is about sets and numbers, starting with the membership relation and ending with the generalized continuum hypothesis. The second is about analyticity, a priority, and necessity. The third is about probability, outlining the difference between objective and subjective probability and exploring aspects of conditionalization and correlation. The fourth deals with metalogic, focusing on the contrast between syntax andsemantics, and finishing with a sketch of Gödels theorem. Philosophical Devices will be useful for university students who have got past the foothills of philosophy and are starting to read more widely, but it does not assume any prior expertise. All the issues discussed are intrinsically interesting, and often downright fascinating. It can be read with pleasure and profit by anybody who is curious about the technical infrastructure of contemporary philosophy.

Millions of Web designers use Dreamweaver and most of them think creating CSS-based, standards-compliant sites is a challenge. In Mastering CSS with Dreamweaver CS4, authors Stephanie Sullivan and Greg Rewis bridge the gaps between the worlds of CSS design and Dreamweaver by demonstrating how to use Dreamweaver CS4 and CSS together to create individualized, standards-based layouts. Through hands-on projects with lots of visuals, the book enables every user of Dreamweaver to learn CSS effectively and easily.

It's rare to discover a candid sports autobiography-- even rare when the author is one of the most recognizable athletes in the world. But in Shaq Talks Back, Shaquille O'Neal for the first time talks frankly about his childhood, his life, his rivalries, and his career, culminating in a dramatic, behind-the-scenes account of the Los Angeles Lakers' drive to the NBA Championship. At seven feet one inch tall and 330 pounds, Shaq has always faced outsized expectations, even as a child when he towered over other kids. Shaq Talks Back is the story of how potential became reality-- how someone expected to be a champion finally learned to become one. Beginning with his memory of crying on the court after the Lakers defeated the Indiana Pacers, Shaq takes us back to his younger days in Newark and Jersey City, New Jersey, then to Georgia and finally to Germany, where he began to harness some of his height and strength. From there, he recounts the remarkable progress of his basketball career, changing from a big but inexperienced teenager to a dominant college and professional player. Shaq talks about: * Playing at Louisiana State University for the unpredictable coach Dale Brown * Signing the biggest rookie contract ever with the Orlando Magic- and going to the NBA Finals for the first time * What happened next: dissention, disappointment, and his decision to leave for Los Angeles * The dysfunctional Lakers who were never able to win the big games * Dealing with egos as he finds the right chemistry with Kobe Bryant, Phil Jackson, and new additions to the team * Rivalries with Alonzo Mourning, Patrick Ewing, Hakeem Olajuwon, David Robinson, and others * The trouble with free throws... * "Bling-bling" and women: the larger-than-life world of NBA players off the court * Inside the Lakers' comeback from the brink against Portland and the drive to the NBA championship Funny, insightful, opinionated, and unexpectedly moving, Shaq Talks Back is the true voice of the NBA's best player.

New York Times and USA Today bestselling author Jana DeLeon brings you the second book in the bestselling Miss Fortune series. No one in Sinful liked Pansy Arceneaux, but who hated her enough to kill her? When aspiring actress Pansy Arceneaux returns to Sinful, Louisiana to head up the beauty pageant portion of the Summer Festival, CIA assassin Fortune Redding knows she 's in for trouble. Her undercover identity as a former beauty queen make Fortune the perfect choice to chair the event with Pansy, but Pansy ' s abrasive personality make it impossible to get through a single rehearsal without a fight. When Pansy turns up dead, Fortune is the prime suspect. Armed with only her wits and two conniving seniors referred to locally as The Geritol Mafia, Fortune launches an investigation to find the real killer before her cover is blown. Lethal Bayou Beauty is a humorous mystery set in the bayous of southern Louisiana. It has a cozy mystery feel and features a strong woman sleuth in a fish-out-of-water storyline. Lethal Bayou Beauty is the second book in the Miss Fortune series and appeals to readers of the Stephanie Plum series by Janet Evanovich. "Southern wit at its best!" - NYT Bestselling author Gemma Halliday "Sinfully funny!" - NYT Bestselling author CC Hunter/Christie Craig " DeLeon is excellent at weaving comedy, suspense and spicy romance into one compelling story. " - RT Book Reviews " I don ' t know where she comes up with this funny stuff, but I can ' t wait to read the next book... " - Night Owl Reviews " Jana DeLeon has a breezy style with enough of a comic touch to leave you smiling. " - The Romance Reader " Son of a we ' re having fun in the bayou! " - Fresh Fiction " The quirky characters keep the action moving... " - Barbara Vey, Publisher ' s Weekly Blogger To learn more about Jana and her books visit her at: http://janadeleon.com http://facebook.com/janadeleonauthor @JanaDeLeon

Rumors stir throughout the land: when the wielder of the black sword draws his dark blade, all who stand in its path are torn asunder...! K ö inzell, the mysterious young boy who carries the black sword, undeniably wields it with exceptional skill, but can he truly be responsible for the bloody rumors? Pursued by the Traitorous Lances, four powerful warriors who were thought to have been defeated by the Seven Heroes, the strength of the young swordsman will be tested to its limit. At battle's end, only the shocking truth of K ö inzell's quest will stand above the corpses of his enemies... An epic fantasy on the grandest of scales!

The Flivver King stands among the finest of modern American historical novels. It is history as it ought to be written - from the bottom up and the top down, with monumental sensitivity to the compromise and conflict between the two extremes. Its two stories - those of Henry Ford and Ford-worker Abner Shutt, unfold side by side, indeed dialectically. They are, in the end, one story: the saga of class and culture in 'Ford-America'. Workers and bosses, flappers and Klansmen, war and depression, Prohibition outlaws and high-society parties, unions and anti-union gun thugs - few aspects of American life in the first four decades of the last century are missing from this small masterpiece. The Flivver King sustains the same sure grasp of working class life which characterized Sinclair's earlier classic, The Jungle, but much less sentimentally and with a steadier focus on how alienated work breeds not only degradation but also resistance and revolt. Originally written in 1937 to aid the United Automobile Workers' organizing drive, The Flivver King answers the question "Why do we need a union?" with quiet eloquence. The Charles H. Kerr Company has reissued it as a great American novel and an important historical document, because that question has never gone away and is now more vital than ever. With an introduction from Steve Meyer.

For over 40 years, Warship has been the leading annual resource on the design, development, and deployment of the world's combat ships. Featuring a broad range of articles from a select panel of distinguished international contributors, this latest volume combines original research, new book reviews, warship notes, an image gallery, and much more, maintaining the impressive standards of scholarship and research with which Warship has become synonymous. Detailed and accurate information is the keynote of all the articles, which are fully supported by plans, data tables, and stunning photographs.

Annotation Netsuite OneWorld is a web-based business management system that delivers real-time global business management and financial consolidation to mid-sized companies.NetSuite OneWorld enables you to manage companies with multiple subsidiaries, business units and legal entities all from a single NetSuite account.This book shows you how to successfully implement NetSuite OneWorld into your organization.This book takes you through all the steps to successfully implement NetSuite OneWorld into your organization, helping key corporate decision makers and their staff to assess NetSuite OneWorld as a business management system. The book offers a clear explanation of NetSuite OneWorld, how to implement it and how to extend and administer it. The book starts by covering the strategic assessment of NetSuite OneWorld, in the context of ERP, Software as a Service, and as an integrated business management software package. The book then moves on to NetSuite OneWorld Implementation, including NetSuite OneWorld Basics, CRM and ERP and Web Presence/E-commerce. The book then dives into topics such as Configuring, Customizing, Extending and Administering OneWorld.
