In her latest thriller, New York Times bestselling author Tami Hoag takes readers on a suspense-filled ride of shocks and twists leading to an explosive finish. It is the story of an ex-cop, a missing girl, and a killer locked in a race where there can be only one winner--and the losers die trying. In a trailer in a Florida swamp, time is running out for eighteen year-old Erin Seabright. A pawn in a kidnapper's terrifying game for a ransom no one can pay, her last hope is a washed-up ex-cop who has already lost it all--not once, but twice. The wealthy world of the Palm Beach horse set seems a long way from a cop's world in the narcotics division. A lifetime ago, undercover sheriff's detective Elena Estes worked the mean streets and BackTop alleys, living by her wits and playing the long odds until she took one risk too many. Now Estes lives on

the ragged edge of lost hope and self-hatred, hiding from the past and believing she doesn't deserve to have a future. But the past is about to come back with a vengeance, and the future is about to become a race between life and death. A young woman is missing and her twelve year-old stepsister comes to Estes for help. No one but serious, studious Molly Seabright seems concerned about what's happened to her troubled older sister. But Molly is convinced Erin is in danger. Estes has no P.I. license, no interest in a new career, and no desire to break her self-imposed exile. But the more she learns about the people Erin Seabright was involved with, the more her long-dormant cop instincts come back to life. One trip to the show grounds where Erin worked as a groom, and Estes is quickly pulled to the dark side of a glamorous sport. Behind the glittering, ultra-rich facade is an ultra-ruthless world of drugs, payoffs, and dirty deals. A world of dissolute playboys and crooked horse-dealers, of royalty and rabble, of rivals and enemies. An obscenely wealthy world where anything can be had for a price--including a life. And in that world stalks a killer who will lead Estes down a dark, twisted trail of decadence and deceit, mayhem and murder--from the gilded life of Palm Beach to the darkest corners of the Florida swamps, to a final show-down that could cost her everything. A race against time and evil. A race in which Estes is the

dark horse--and no one is betting on her to win.

A bundle of books #1 (PRIMARY TARGET), #2 (PRIMARY COMMAND) and #3 (PRIMARY THREAT) in Jack Mars's Forging of Luke Stone Thriller series. This bundle offers books one, two, and three in one convenient file, with over 200,000 words of reading. In PRIMARY TARGET (Book #1), we see the forging of one of the world's toughest--and most lethal--soldiers: Luke Stone. A 29 year old veteran who has seen enough battle to last a lifetime, Luke is tapped by the Special Response Team, a secretive new FBI agency (led by his mentor Don Morris) to tackle the most high-stake terrorism operations in the world. Luke, still haunted by his wartime past and newly married to an expecting Becca, is dispatched on a mission to Iraq, with his new partner Ed Newsam, to bring in a rogue American contractor. But what begins as a routine mission mushrooms into something much, much bigger. When the President's teenage daughter, kidnapped in Europe, is ransomed by terrorists, Luke may be the only one in the world who can save her before it is too late.

In PRIMARY COMMAND (Book #2), elite Delta Force veteran Luke Stone, leads the FBI's Special Response Team on a nail-biting mission to save American hostages from a nuclear submarine. But when all goes wrong, and when the President shocks the world with his reaction, it may fall on Luke's shoulders to save not only the hostages—but the world. In PRIMARY THREAT (Book #3) elite Delta Force veteran Luke Stone leads the FBI's Special Response Team as they respond to a hostage situation on an oil rig in the remote Arctic. Yet what at first seems like a simple terrorist event may, it turns out, be much more. With a Russian master plan unfolding rapidly in the Arctic, Luke may have arrived at the precipice of the next world war. And Luke Stone may just be the only man standing in its way. THE FORGING OF LUKE STONE is an un-putdownable military thriller series, a wild action ride that will leave you turning pages late into the night. It marks the long-anticipated debut of a riveting new series by #1 bestseller Jack Mars, dubbed "one of the best thriller authors" out there.

ever met, and far more attractive than any man has a right to be. How can she not fall in love. . .? But Damian Mackenzie has secrets that leave no room in his life for courting high-born young ladies--especially not the sister of one of his oldest friends. Yet when Kiri's quick thinking reveals a deadly threat to England's crown, Damian learns that she is nowhere near as prim and respectable as he first assumed. . .and the lady is far more alluring than any man can resist. . . With three months remaining of her marriage of convenience, Savannah is ready to say goodbye to her spoiled rich boy of a husband. He's annoying and argumentative and used to always getting his way. Sure, he's hot. And maybe occasionally a little bit sweet. But she doesn't want to stay married to him. Not at all. He needed a wife for a year so he could inherit his grandmother's fortune, and she needed to pay off her family's debts. That's all their marriage has ever been about. In recent years there has been an increased public and academic interest in the new activism within Turkish foreign policy and Turkey's search for a more ambitious role. After living on the streets of New York City for over a decade, Logan Ellis admits her perceptions might be a little skewed. But twisted or not, there's a satisfying irony in watching a well dressed vampire stand in the middle of a ghetto alley, windblown trash scraping small circles near his feet. What she finds even more intriguing, is waiting for him to decide whether or not he's going to kill her. Kerestyan Nelek hasn't quite made up his mind. As the Lord of New York, he can't allow a homeless drug addict, whose memories are packed with knowledge of vampiric existence, to run free in his city. It's not the first time he's been in this situation with a human, it's just the first time in thousands of years he's come face to face with one who doesn't seem to care. And

that's what makes the decision so damn difficult. What horrors would you have to witness before you went numb? How many years would it take for you to feel that way? What would it take to make you care again? Logan's answers are simple: the worst humanity has to offer, almost thirty; and something she never expected.
