The creator of the Clean Food Dirty City brand shares 100 simple, vibrant, gluten- and dairy-free recipes for looking and feeling your best. In her debut cookbook, Good Clean Food, health coach Lily Kunin shares plant-based recipes for irresistibly clean, wholesome food. With Lily ' s less-is-more approach, you ' ll learn how to create nourishing dishes, bowls, salads, smoothies, and more using gluten- and dairy-free ingredients. Her delicious recipes are complemented by the same vibrant, textured, and stunning photography that has become a trademark of her popular site Clean Food Dirty City. Organized by the way that food makes you feel—awakened, nourished, cleansed, restored, sustained, and comforted—Good Clean Food highlights key ingredients that support healthy eating and clean living. The book contains a flavorful mix of recipes, including: Falafel Bowl with Mediterranean Millet and Green Tahini Walnut Taco Salad + Avocado Pesto Zucchini Noodles Evergreen Detox Bowl Sunny Immunity Smoothie Bowl Salted Caramel Bonbons The book also features a " Bowl Builder " section that walks readers through the process of building the perfect grain bowl, and provides helpful advice on how to stock a healthy kitchen and prep for the week ahead. Helpful tips and recipes instruct on using the same ingredients from your pantry for beauty enhancement, like a raw honey-turmeric facemask and rosemary-coconut oil hair treatment. " I love this vibrant, welcoming cookbook! Instead of structuring itself around rigid rules and restrictions, it leads by delicious example—first with Lily ' s story of how she healed herself through food, and then, most importantly, with dozens of fresh, wholesome, super-enticing recipes. " —Lukas Volger, author of Bowl

The World Is No Longer Flat Culo is an art, fashion, and pop-culture movement that defies all national, cultural, and linguistic boundaries. No matter if you were raised to call it derriere, tush, rear end, or booty, culo is the new epicenter of female sexuality, desire, and empowerment. Over the past decade, some of the world ' s most celebrated women have subtly shifted our long-held ideals of physical perfection toward a shape that is more authentic and bold. While culo has long been venerated in certain cultures, it is now becoming the object of worldwide mainstream admiration. This emerging global love affair with culo is as much about the blending of African, Latin, European, and Asian beauty as it is about celebrating the female form ' s most coveted asset. Culo by Mazzucco pays tribute to this phenomenon through a singular artistic vision. In more than 200 photographs and artworks created on location around the world, a diverse group of women—some already legendary, some about to become so—embody the spirit of culo and the start of a new era of beauty.

Ask Dr. Mueller captures the glamour and grittiness of Cookie Mueller's life and times. Here are previously unpublished stories - wacky as they are enlightening - along with favorites from Walking Through Clear Water in a Pool Painted Black and other publications. Also the best of Cookie's art columns from Details magazine, and the funniest of her advice columns from the East Village Eye, on everything from homeopathic medicine to how to cut your cocaine with a healthy substance. This collection is as much an autobiography as it is a map of downtown New York in the early '80s - that moment before Bright Lights, Big City, before the art world exploded, before New York changed into a yuppie metropolis, while it still had a glimmer of bohemian life.

In this remarkable book, Carl Verheyen teaches his philosophy and techniques for improvising. Rather than hashing out scales, Carl teaches how to play lines with strong melodic content. By approaching melodies through intervals and chord qualities, infinite lines can be generated. Carl stresses the importance of collecting lines that can be used in improvised settings. These lines and examples will provide outstanding material for any guitarist yearning for melodic ideas and inspiration. Presented in standard notation and tab.

The truth could cost her everything... Olivia Mott didn't intend to lie. Somehow, it just happened. And wasn't it all Lady Charlotte's fault anyway? Now Olivia's position as assistant chef at Pullman's elegant Hotel Florence is dependant upon her keeping her secrets. And sometimes lies have a way of leading to other lies. Should Olivia admit her real past and accept the consequences or keep quiet in order to preserve her comfortable new circumstances? Deception seems to be part of everyday life in the company town of Pullman, Illinois, where the grand Pullman Palace Car is manufactured. Samuel Howard, Olivia's friend and the town manager, seems to think everything is fine, but Olivia observes something quite different. Could it be that Olivia is not the only one harboring secrets?

In this book, Dr. Li and his author team plan to emphasize why mouse models are useful in vivo systems for understanding disease mechanisms and developing therapeutic strategies in blood cancers. The authors do not intend to cover all types of blood cancers; instead, they will focus on some major ones such as leukemias and lymphomas. However, the authors will try to cover as much as they can the cancer types and point out that many blood cancers need to be studied in mouse disease models although they are still not available at present. A major focus in the book will be to show what we can or cannot learn from mouse disease models and to also show the critical contributions of mouse models in therapeutic drug development.

Follow two abolitionists who fought one of the most shockingly persistent evils of the world: human trafficking and sexual exploitation of slaves. Told in alternating chapters from perspectives spanning more than a century apart, read the riveting 19th century first-hand account of Harriet Jacobs and the modern-day eyewitness account of Timothy Ballard. Harriet Jacobs was an African-American, born into slavery in North Carolina in 1813. She thwarted the sexual advances of her master for years until she escaped and hid in the attic crawl space of her grandmother's house for seven years before escaping north to freedom. She published an autobiography of her life, Incidents in the Life of a Slave Girl, which was one of the first open discussions about sexual abuse endured by slave women. She was an active abolitionist, associated with Frederick Douglass, and, during the Civil War, used her celebrity to raise money for black refugees. After the war, she worked to improve the conditions of newly-freed slaves. As a former Special Agent for the Department of Homeland Security who has seen the horrors and carnage of war, Timothy Ballard founded a modern-day "underground railroad" which has rescued hundreds of children from being fully enslaved, abused, or trafficked in third-world countries. His story includes the rescue and his eventual adoption of two young siblings—Mia and Marky, who were born in Haiti. Section 2 features the lives of five abolitionists, a mix of heroes from past to present, who call us to action and teach us life lessons based on their own experiences: Harriet Tubman--The "Conductor"; Abraham Lincoln--the "Great Emancipator"; Little Mia--the sister who saved her little brother, Guesno Mardy--the Haitian father who lost his son to slave traders; and Harriet Jacobs--a teacher for us all.
