Solution Physics by Resnick Halliday Krane 5th-Ed-Vol-2-www A nice two volume set. apparently it is packaged in different forms, including as a single volume, and maybe as a simplified version too. The classic two-volume set is what I have and know. More solved problems and their variations would be nice.

University Physics course for science and engineering majors, the publication of the first edition of Physics in 1960 launched the modern era of Physics textbooks. It was a new paradigm at the time and continues to be the dominant model for all texts. Physics is the most realistic option for schools looking to teach a more demanding course. The entirety of Volume 2 of the 5th edition has been edited to clarify conceptual development in light of recent findings of physics education research. End-of-chapter problem sets are thoroughly over-hauled, new problems are added, outdated references are deleted, and new short-answer conceptual questions are added.
