Presents a true account of the experiences of a backwoods school teacher.

"Lands of Lost Borders carried me up into a state of openness and excitement I haven't felt for years. It's a modern classic." —Pico Iyer A brilliant, fierce writer makes her debut with this enthralling travelogue and memoir of her journey by bicycle along the Silk Road—an illuminating and thought-provoking fusion of *The Places in Between*, *Lab Girl*, and *Wild* that dares us to challenge the limits we place on ourselves and the natural world. As a teenager, Kate Harris realized that the career she craved—to be an explorer, equal parts swashbuckler and metaphysician—had gone extinct. From what she could tell of the world from small-town Ontario, the likes of Marco Polo and Magellan had mapped the whole earth; there was nothing left to be discovered. Looking beyond this planet, she decided to become a scientist and go to Mars. In between studying at Oxford and MIT, Harris set off by bicycle down the fabled Silk Road with her childhood friend Mel. Pedaling mile upon mile in some of the remotest places on earth, she realized that an explorer, in any day and age, is the kind of person who refuses to live between the lines. Forget charting maps, naming peaks: what she yearned for was the feeling of soaring completely out of bounds. The farther she traveled, the closer she came to a world as wild as she felt within. *Lands of Lost Borders* is the chronicle of Harris's odyssey and an exploration of the importance of breaking the boundaries we set ourselves; an examination of the stories borders tell, and the restrictions they

place on nature and humanity; and a meditation on the existential need to explore—the essential longing to discover what in the universe we are doing here. Like Rebecca Solnit and Pico Iyer, Kate Harris offers a travel account at once exuberant and reflective, wry and rapturous. *Lands of Lost Borders* explores the nature of limits and the wildness of the self that can never fully be mapped. Weaving adventure and philosophy with the history of science and exploration, *Lands of Lost Borders* celebrates our connection as humans to the natural world, and ultimately to each other—a belonging that transcends any fences or stories that may divide us.

"A delightful novel...impossible to resist."—Barbara Kingsolver, *Los Angeles Times* Book Review *Sofia* and her fated daughters, Fe, Esperanza, Caridad, and la Loca, endure hardship and enjoy love in the sleepy New Mexico hamlet of Tome, a town teeming with marvels where the comic and the horrific, the real and the supernatural, reside.

Rory and Derek were best friends but with Bolivia visiting next door would their friendship last?.

This book questions the reliance on melodrama and spectacle in social performances and cultural productions by and about migrants from Mexico and Central America to the United States. Focusing on archetypal characters with nineteenth-century roots that recur in the twentieth- and twenty-first centuries – heroic saviors, saintly mothers and struggling fathers, martyred children and rebellious youth – it shows how theater practitioners, filmmakers, visual artists, advocates, activists, journalists, and others who want to help migrants often create migrant melodramas, performances that depict their heroes as virtuous victims at the mercy of evil villains. In order to gain respect for the human rights that are supposedly already theirs on paper and participate in a global market that trades in performances of suffering, migrants themselves sometimes accept the roles into which they are cast, or even cast themselves. Some express their suffering publicly, often on demand. Others find ways to twist, parody, resist, or reject migrant melodrama. Timely, beautifully written, and deeply researched, Puga's and Espinosa's study captures the complex nuances of how performance scholars and ethnographers grapple with telling stories of and bearing witness to trauma. They invite scholars to re-imagine the narrative genres into which histories of migration are often coerced. They question how familiar forms such as melodrama can empower or dis-empower individuals struggling to share their stories and change their circumstances. Their thoughtful work offers a compassionate and erudite model for performance ethnographers. Heather S. Nathans Alice and Nathan Gantcher Professor in Judaic Studies Tufts University In their penetrating analysis, Puga and Espinosa show how militarized borders, neoliberal economics, exclusionary immigration policies, and rising nativism have combined to create an ongoing melodrama in which migrants, journalists, and rescuers perform scripted roles as martyrs, saints, and heroes in an effort to sway a global audience of onlookers. Although the protagonists in this melodrama seek to relieve the suffering of migrants by valorizing their pain and using it as a currency in a political economy of suffering, the authors' sympathetic but critical analysis reveals both

the promise and perils of this emotive strategy. Their analysis is essential to understanding how immigration is portrayed and perceived in the world today. Douglas S. Massey Henry G. Bryant Professor of Sociology and Public Affairs Princeton University Ana Elena Puga and Víctor M. Espinosa's *Performances of Suffering* is well-researched and compellingly theorized collaboration which reveals the affective labor performed by, with and for migrants in the United States and Mexico. In these perilous times, the lessons that this book teaches us about the performance of melodrama as a key aspect of obtaining justice and care for migrants throughout the hemisphere are crucial to understanding representations of "migrant crises" in our contemporary social media, performance and advocacy movements. Patricia Ybarra Professor of Theatre Arts and Performance Studies Brown University In this fascinating book, Puga and Espinosa illuminate the political economy of suffering among Latin American migrants. This is a timely and important work to understand how migrants, the state, humanitarian workers, and the media all perform the melodrama of the suffering migrant. An impressive and provocative book! Carolyn Chen Associate Professor of Ethnic Studies University of California at Berkeley

Taruka is the new girl at the high school in town. The story takes the reader through a year of high school that Taruka is not likely to forget. She makes friends and meets a boy, Cooper. Like Cooper and many of the students at the school Taruka is very involved in sports, so she gets along with her new classmates well. But issues arise with her newfound friendship with Cooper when their differences are highlighted by the adults in their lives. This book is intended as a reader for students learning English. While the story has a plot similar to the classic story of Romeo and Juliet or Tony and Maria, the vocabulary and grammar are simple and comprehensible even for those just beginning with English.

A poignant, hilarious, and inspiring memoir from the first Latino and openly gay inaugural poet, which explores his coming-of-age as the child of Cuban immigrants and his attempts to understand his place in America while grappling with his burgeoning artistic and sexual identities. Richard Blanco's childhood and adolescence were experienced between two imaginary worlds: his parents' nostalgic world of 1950s Cuba and his imagined America, the country he saw on reruns of *The Brady Bunch* and *Leave it to Beaver*—an "exotic" life he yearned for as much as he yearned to see "la patria." Navigating these worlds eventually led Blanco to question his cultural identity through words; in turn, his vision as a writer—as an artist—prompted the courage to accept himself as a gay man. In this moving, contemplative memoir, the 2013 inaugural poet traces his poignant, often hilarious, and quintessentially American coming-of-age and the people who influenced him. A prismatic and lyrical narrative rich with the colors, sounds, smells, and textures of Miami, Richard Blanco's personal narrative is a resonant account of how he discovered his authentic self and ultimately, a deeper

understanding of what it means to be American. His is a singular yet universal story that beautifully illuminates the experience of "becoming;" how we are shaped by experiences, memories, and our complex stories: the humor, love, yearning, and tenderness that define a life.
