The Polycom Soundpoint IP 550 is a 4-line SIP phone that supports wideband audio, more commonly known as 'HD voice' (G.722 codec). It has all the call handling features you might expect from a business phone, including some others like bridged line appearance, distinctive incoming call treatment, and remote missed call notification.

Polycom Soundpoint IP 550 - OnSIP

SoundPoint IP 550 - Primary Image Corrupt My IP550 was running 3.x SIP software, and I decided to upgrade to the newer 4.x software. Part of what prompted this is that the provisioning host previously used no longer exists, and I didn't have my current configuration files, so I decided to start over.
