The text and images in this book are in grayscale. A hardback color version is available. Search for ISBN 9781680922929. Principles of Accounting is designed to meet the scope and sequence requirements of a two-semester accounting course that covers the fundamentals of financial and managerial accounting. This book is specifically designed to appeal to both accounting and non-accounting majors, exposing students to the core concepts of accounting in familiar ways to build a strong foundation that can be applied across business fields. Each chapter opens with a relatable real-life scenario for today's college student. Thoughtfully designed examples are presented throughout each chapter, allowing students to build on emerging accounting knowledge. Concepts are further reinforced through applicable connections to more detailed business processes. Students are immersed in the "why" as well as the "how" aspects of accounting in order to reinforce concepts and promote comprehension over rote memorization.

Needles/Powers/Crosson PRINCIPLES OF ACCOUNTING is continuously evolving to meet the needs of today's learner. This edition's new structure is based on research with students about the best way to deliver content in this course! The chapters in Needles/Powers/Crosson have been organized into the Three Section Approach, which helps you more easily digest the content. The first section is Concepts and focuses on the overarching accounting concepts that require consistent reiteration throughout the course. With a clear understanding of the concepts, you are then ready to experience the second section--Accounting Applications. Here you practice the application of accounting procedures with features like Apply It and a new transaction analysis model, which clearly illustrates how transactions are the result of business decisions and recorded in a way to show their effects on the financial statements. Finally, you utilize section three, Business Applications. This section illustrates how the concepts and procedures are used to make business decisions. Real company
