THE CASTLE IN THE PYRENEES is both a love story and a novel of ideas, exploring the place of human consciousness in the universe. Its main theme is of great current interest: can science explain everything, or does some invisible force influence our lives? Now a dialogue between two world views is reopened, and old love starts to burn again. TCitP is a novel of love as well as of ideas. Are reason and science the only things that can shed light on human existence, or are there also hidden forces that can play tricks on us once in a while?

From the creative genius of Jostein Gaarder, author of modern classic *Sophie's World*, comes a novel about loneliness and the power of words. Jakop is a lonely man. Divorced from his wife, with no friends apart from his constant companion Pelle, he spends his life attending the funerals of people he doesn't know, obscuring his identity in a web

of improbable lies. As his addiction spirals out of control, he is forced to reconcile his love of language and stories with the ever more urgent need for human connection. An Unreliable Man is a moving and thought-provoking novel about loneliness and truth, about seeking a place in the world, and about how storytelling gives our lives meaning. Decades after his global bestseller *Sophie's World*, Jostein Gaarder has written a poignant and funny book for our times - full of life and hope. Praise for *Sophie's World* 'A TOUR DE FORCE' Time 'EXTRAORDINARY' Newsweek 'A UNIQUE POPULAR CLASSIC' The Times 'A SIMPLY WONDERFUL, IRRESISTIBLE BOOK' Daily Telegraph

fourteen-year-old Peter, *The Elephant Keepers' Children* is about three siblings and how they deal with their eccentric parents. Peter's father is a vicar, his mother is an artisan, and both are equally and profoundly devout. The family lives on the (fictional) island of Fin ø, where people of all religious faiths coexist peacefully. Yet nothing is as it seems. When Peter's parents suddenly go missing, Peter and his siblings fear the worst—has their parents' relentless quest to boost church attendance finally put them in danger? Told with poignancy and humor, *The Elephant Keepers' Children* is a fascinating exploration of fundamentalism versus spiritual freedom, the vicissitudes of romantic and familial love, and the triumph of the human spirit.

A picture book with fundamental philosophical questions, posed in a

way only Jostein Gaarder is capable of. The illustrator has made an independent visual narrative that underscores the existential aspect of Jostein Gaarder's philosophical questions. Questions Asked shows confidence in a child's capacity to think deeply and read between the lines. The book follows a little boy traveling alone in an open landscape. Soon we realize he is on a journey of thoughts and dreams, asking questions about loss, myth, language, magic, and what it means to be a human being. Jostein Gaarder's philosophical questions merge with the beautiful illustrations of Akin D ü zakin into a tale of friendship, love, and grief - and about daring to think about life as you live it.

trapeze artist, falls and breaks her neck. As the ringmaster bends over her, he notices an amulet of amber around her neck, the same trinket he had given his own lost child, who was swept away in a torrent some sixteen years earlier. This tale is narrated by Petter, a precocious child and fantasist, and perhaps Jostein Gaarder's most intriguing character since Sophie. As an adult, Petter makes his living selling stories and ideas to professionals suffering from writer's block. But as Petter sits spinning his tales, he finds himself in a trap of his own making.

A playful and inventive work from the bestselling author of SOPHIE'S WORLD. A box of Latin manuscripts comes to light in an Argentine flea market. An apocryphal invention by some 17th or 18th century scholar, or a transcript of what it appears to be - a hitherto unheard of letter to St Augustine to a woman he renounced for chastity? VITA

BREVIS is both an entrancing human document and a fascinating insight into the life and philosophy of St. Augustine. Gaarder's interpretation of Floria's letter is as playful, inventive and questioning as SOPHIE'S WORLD.

In 1943, University of Washington student Gordon Hirabayashi defied the curfew and mass removal of Japanese Americans on the West Coast, and was subsequently convicted and imprisoned as a result. In *A Principled Stand*, Gordon's brother James and nephew Lane have brought together his prison diaries and voluminous wartime correspondence to tell the story of *Hirabayashi v. United States*, the Supreme Court case that in 1943 upheld and on appeal in 1987 vacated his conviction. For the first time, the events of the case are told in Gordon's own words. The result is a compelling and intimate story

that reveals what motivated him, how he endured, and how his ideals changed and deepened as he fought discrimination and defended his beliefs. A Principled Stand adds valuable context to the body of work by legal scholars and historians on the seminal Hirabayashi case. This engaging memoir combines Gordon's accounts with family photographs and archival documents as it takes readers through the series of imprisonments and court battles Gordon endured. Details such as Gordon's profound religious faith, his roots in student movements of the day, his encounters with inmates in jail, and his daily experiences during imprisonment give texture to his storied life.

In a second-hand bookshop in Buenos Aires, Jostein Gardner makes an exciting find: a transcript of a letter to St Augustine, author of the famous Confessions, from Floria Aemilia, the woman he renounced
