The Druggist of Auschwitz eBook by Dieter Schlesak ...

THE DRUGGIST OF AUSCHWITZ is the product of that life-long preoccupation with Auschwitz, and it is a very powerful and compelling one. The book is sub-titled "A Documentary Novel". Yet it appears that there is only a thin fictional gloss to the work - that everything it recounts, to the ever-lasting shame of humanity, actually happened.

Depravity, Despair In 'Druggist Of Auschwitz' - NPR

" The Druggist of Auschwitz, " his so-called documentary novel, is neither document nor novel. It is that depressing thing, a very bad book on a very terrible subject.

Book Review —The Druggist of Auschwitz— By Dieter ...

Victor Capesius (February 1907 in Szendahely, Austria-Hungary – 20 March 1985 G ö ppingen, West Germany) was a Nazi SS-Sturmabnñ hrer and KZ-Apotheker (concentration camp pharmacist) in the concentration camps of Dachau (1943 – 1944) and Auschwitz (1944 – 1945).

Victor Capesius—Wikipedia

The Druggist of Auschwitz is a “ documentary ” novel. The Child of Auschwitz is described as historical fiction. The Librarian of Auschwitz is based on “ an incredible true story ” .

Dieter Schlesak's haunting novel The Druggist of Auschwitz—beautifully translated from the German by John Hargraves—is a frighteningly vivid portrayal of the Holocaust as seen through the eyes of criminal and victim alike. Adam, known as "the last Jew of Sch ä ß burg," recounts with disturbing clarity his imprisonment at the infamous Auschwitz concentration camp. Through Adam's fictional narrative and excerpts of actual testimony from the Frankfurt Auschwitz Trial of 1963–65, we come to learn of the true-life story of Dr. Victor Capesius, who, despite strong friendships with Jews before the war, quickly aided in and profited from their tragedy once the Nazis came to power. Interspersed with historical research and the author's face-to-face interviews with survivors, the novel follows Capesius from his assignment as the "sorter" of new arrivals at Auschwitz—deciding who will go directly to the gas chamber and who will be used for labor—through his life of lavish wealth after the war to his arrest and eventual trial. Schlesak's seamless incorporation of factual data and testimony—woven into Adam's dreamlike remembrance of a world turned upside down—makes The Druggist of Auschwitz a vital and unique addition to our understanding of the Holocaust.

The Druggist of Auschwitz is a frighteningly vivid portrayal of the Holocaust as seen through the eyes of criminal and victim alike. Adam, "the last Jew of Sch ä ß burg," recounts with disturbing clarity his imprisonment at the infamous Auschwitz concentration camp. Through his fictional narrative and excerpts of actual testimony at the Frankfurt Auschwitz Trial of 1963–1965, we come to learn the true-life story of Dr. Victor Capesius, who, despite strong friendships with Jews, was quick to profit from their tragedy once the Nazis came to power. Interspersed with historical reserach and interviews with actual survivors, The Druggist of Auschwitz is a vital and unique addition to our understanding of the Holocaust.

"A harrowing novel about surviving in Auschwitz and the nature of evil"--

Based on exclusive and unrestricted access to more than 5,000 pages of personal writings and family photos, this definitive biography of German physician and SS-Hauptsturmführer Josef Mengele (1911-1979) probes the personality and motivations of Auschwitz's "Angel of Death." From May 1943 through January 1945, Mengele selected who would be gassed immediately, who would be worked to death, and who would serve as involuntary guinea pigs for his spurious and ghatstly human experiments (twins were Mengele's particular obsession). With authority and insight, Mengele examines the entire life of the world's most infamous doctor.

Gisella Perl ’ s memoir is an extraordinarily candid account of women ’ s extreme efforts to survive Auschwitz. It was the first memoir by a woman survivor and established the model for understanding the gendered Nazi policies and practices targeting Jewish women as racially poisonous.

Eva was arrested by the Nazis on her fifteenth birthday and sent to Auschwitz. Her survival depended on endless strokes of luck, her own determination and the love and protection of her mother Fritzi, who was deported with her. When Auschwitz was liberated, Eva and Fritzi began the long journey home. They searched desperately for Eva's father and brother, from whom they had been separated. The news came some months later. Tragically, both men had been killed. Before the war, in Amsterdam, Eva had become friendly with a young girl called Anne Frank. Though their fates were very different, Eva's life was set to be entwined with her friend's for ever more, after her mother Fritzi married Anne's father Otto Frank in 1953. This is a searingly honest account of how an ordinary person survived the Holocaust. Eva's memories and descriptions are heartbreakingly clear, her account brings the horror as close as it can possibly be. But this is also an exploration of what happened next, of Eva's struggle to live with herself after the war and to continue the work of her step-father Otto, ensuring that the legacy of Anne Frank is never forgotten.

The remarkable rise and shameful fall of one of the twentieth century's greatest conglomerates: At its peak in the 1930s, the German chemical conglomerate IG Farben was one of the most powerful corporations in the world. To this day, companies formerly part of the Farben cartel—the aspirin-maker Bayer, the graphics supplier Agfa, the plastics giant BASF—continue to play key roles in the global market. IG Farben itself, however, is remembered mostly for its infamous connections to the Nazi Party and its complicity in the atrocities of the Holocaust. After the war, Farben's leaders were tried for crimes that included mass murder and exploitation of slave labor. In Hell's Cartel, Diarmuid Jeffreys presents the first comprehensive account of IG Farben's rise and fall, tracing the enterprise from its nineteenth-century origins, when the discovery of synthetic dyes gave rise to a vibrant new industry, through the upheavals of the Great War era, and on to the company's fateful role in World War II. Drawing on extensive research and original interviews, Hell's Cartel sheds new light on the codependence of industry and the Third Reich, and offers a timely warning against the dangerous merger of politics and the pursuit of profit.

A Polish Jewish survivor of three death camps offers an account of his pre-war life, the loss of his family, shelter with Gentile and Russian families, and his employment under Dr. Mengele until his release by American soldiers.

Hitler's Niece tells the story of the intense and disturbing relationship between Adolf Hitler and the daughter of his only half-sister, Angela, a drama that evolves against the backdrop of Hitler's rise to prominence and power from particularly inauspicious beginnings. The story follows Geli from her birth in Linz, Austria, through the years in Berchtesgaden and Munich, to her tragic death in 1932 in Hitler's apartment in Munich. Through the eyes of a favorite niece who has been all but lost to history, we see the frightening rise in prestige and political power of a vain, vulgar, sinister man who thrived on cruelty and hate and would stop at nothing to keep the horror of his inner life hidden from the world.
