For use in schools and libraries only. James enlists in the Union Army at the dawn of the Civil War. When he is addigned to be the company historian he is initially at a loss as to what he is supposed to record. As the days pass, James settles into his role, but he cannot take comfort in it. Though his journal entries, James poignantly capture the terror of battle, the drudgery of day-to-day life, the loss of comrades, and the disillusionment of a young soldier.

The Civil War JOURNAL OF JAMES EDMOND PEASE is now in paperback with an exciting repackaging! Ignorant to the bitter realities of military life, 16-year-old James enlists in the Union Army at the dawn of the Civil War. When his lieutenant assigns him to be the company historian of the G Company of the 122nd Regiment, New York Volunteers, he is initially at a loss as to what exactly he is supposed to record. As the days pass, James settles into his role, but he cannot take comfort in it. His country is divided by a bloody war, and his unit struggles through the hardships and turmoil. Through his journal entries, James poignantly captures the terror of battle, the drudgery of day-to-day life in the infantry, the loss of comrades, and the disillusionment of a young soldier.

James Edmond, a sixteen-year-old orphan, keeps a journal of his experiences and those of "G" Company which he joined as a volunteer in the Union Army during the Civil War.

James Edmond, a sixteen-year-old orphan, keeps a journal of his experiences and those of "G" Company which he joined as a volunteer in the Union Army during the Civil War.

A fictionalized account of the D-Day invasion of Normandy and subsequent battles to liberate France, told through the journal entries of a seventeen-year-old soldier from central Virginia.

In 1862, sixteen-year-old Rufus Rowe runs away from home and settles in Fredericksburg, Virginia, where he documents in his journal the battle he watches unfold there.

No evocation of Parisian life in the second half of the nineteenth century can match that found in the journals of the brothers Goncourt The journal of the brothers Edmond and Jules de Goncourt is one of the masterpieces of nineteenth-century French literature, a work that in its richness of color, variety, and seemingly casual perfection bears comparison with the great paintings of their friends and contemporaries the Impressionists. Born nearly ten years apart into a French aristocratic family, the two brothers formed an extraordinarily productive and enduring literary partnership, collaborating on novels, criticism, and plays that pioneered the new aesthetic of naturalism. But the brothers' talents found their most memorable outlet in their journal, which is at once a chronicle of an era, an intimate glimpse into their lives, and the purest expression of a nascent modern sensibility preoccupied with sex and art, celebrity and self-exposure. The Goncourts visit slums, brothels, balls, department stores, and imperial receptions; they argue over art and politics and trade merciless gossip with and about Hugo, Baudelaire, Degas, Flaubert, Zola, Rodin, and many others. And in 1871, Edmond maintains a vigil as his brother dies a slow and agonizing death from syphilis, recording every detail in the journal that he would continue to maintain alone for another two decades.

William, a twelve-year-old orphan, writes of his experiences in pre-Revolutionary War Boston where he joins the cause of the patriots who are opposed to the British rule.

A powerful history of Jewish art collectors in France, and how an embrace of art and beauty was met with hatred and destruction In the dramatic years between 1870 and the end of World War II, a number of prominent French Jews—pillars of an embattled community—invested their fortunes in France's cultural artifacts, sacrificed their sons to the country's army, and were ultimately rewarded by seeing their collections plundered and their families deported to Nazi concentration camps. In this rich, evocative account, James McAuley explores the central role that art and material culture played in the assimilation and identity of French Jews in the fin-de-siècle. Weaving together narratives of various figures, some familiar from the works of Marcel Proust and the diaries of Jules and Edmond Goncourt—the Camondos, the Rothschilds, the Ephrussis, the Cahens d'Anvers—McAuley shows how Jewish art collectors contended with a powerful strain of anti-Semitism: they were often accused of "invading" France's cultural patrimony. The collections these families left behind—many ultimately donated to the French state—were their response, tragic attempts to celebrate a nation that later betrayed them.

Confronted with oppressive heat, dense jungles, and an enemy that is everywhere, Patrick Flaherty is overwhelmed by life on the battlefield when he fights in the Vietnam War.
