Papanicolaou Society - Home | Facebook

The Papanicolaou Award, established in 1958, is the highest award given by the American Society of Cytopathology and is presented annually to a physician or PhD member in recognition of meritorious contributions in the field of Cytopathology.

Papanicolaou Award - American Society of Cytopathology
Cytopathology (from Greek *kytos*, "a hollow"; *pathos*, "fate, harm"; and *-logia*) is a branch of pathology that studies and diagnoses diseases on the cellular level. The discipline was founded by George Nicolas Papanicolaou in 1928. Cytopathology is generally used on samples of free cells or tissue fragments, in contrast to histopathology, which studies whole ...
