helpful combination of short educational pieces, homework sheets, and exercises that promote essential emotional and life skills in individuals who suffer from dissociation, and which can be used in either group or individual treatment.

This insider's guide is filled with successful strategies, coping techniques, and helpful ways to increase the day-to-day functioning of adult survivors of Dissociative Identity Disorder in relationships, work, parenting, self-confidence, and self-care.

By the first day of kindergarten, Olga Trujillo had already survived years of abuse and violent rape at the hands of her tyrannical father. Over the next

## Access Free The Stranger In Mirror Dissociation

ten years, she would develop the ability to numb herself to the constant abuse by splitting into distinct mental “ parts. ” Dissociative identity disorder (DID) had begun to take hold, protecting Olga ’ s mind from the tragic realities of her childhood. In *The Sum of My Parts*, Olga reveals her life story for the first time, chronicling her heroic journey from survivor to advocate and her remarkable recovery from DID. Formerly known as multiple personality disorder, DID is defined by the presence of two or more identities. In this riveting story, Olga struggles to unearth memories from her childhood, and parallel identities—Olga at five years old, Olga at thirteen—come forth and demand to be healed. This brave, unforgettable memoir charts the

author's triumph over the most devastating conditions and will inspire anyone whose life has been affected by trauma.

Why does a gifted psychiatrist suddenly begin to torment his own beloved wife? How can a ninety-pound woman carry a massive air conditioner to the second floor of her home, install it in a window unassisted, and then not remember how it got there? Why would a brilliant feminist law student ask her fiancé to treat her like a helpless little girl? How can an ordinary, violence-fearing businessman once have been a gun-packing vigilante prowling the crime districts for a fight? A startling new study in human consciousness, *The Myth of Sanity* is a landmark book about forgotten trauma, dissociated

# Access Free The Stranger In Mirror Dissociation

mental states, and multiple personality in everyday life. In its groundbreaking analysis of childhood trauma and dissociation and their far-reaching implications in adult life, it reveals that moderate dissociation is a normal mental reaction to pain and that even the most extreme dissociative reaction-multiple personality-is more common than we think. Through astonishing stories of people whose lives have been shattered by trauma and then remade, *The Myth of Sanity* shows us how to recognize these altered mental states in friends and family, even in ourselves.

Dissociation, a fragmented state of consciousness involving feelings of disconnection and amnesia, affects 30 mill. Amer. Since dissociation can

Stellberg

be a person's standard response to trauma, its symptoms are a common reaction to events such as a car accident or rape. Because dissociative experiences are often illusive and hard to describe, they are rarely reported to therapists. This book offers the general public unique guidelines for identifying dissociative symptoms (DS), as well as for treatment and recovery. The book's questionnaires will help you identify your own DS and their causes. Its treatment method can benefit anyone in search of a healthier sense of self. Includes case histories.
