The Warrior Ethos is a 2011 non-fiction book by American author Steven Pressfield. It is a unique-style narrative in which Pressfield contemplates the nature of the warrior code and the rules by which a warrior, even a metaphorical one, must follow. He relates several examples from history from the stand of the Spartans at Thermopylae to the defeat of the inner vices as described in the Bhagavad Gita.

The Warrior Ethos by Steven Pressfield is something of a collection of maxims that demonstrate by parable the proper behavior of a warrior. This is a book that really shouldn't be read in a day, or in a single hour. It is something to be sampled over a period of time, so that it can be digested more easily if you wish to take it as an instructor.

Another facet of the warrior ethos that Pressfield discusses is the brotherhood that all warriors share regardless of upbringing or personal beliefs. It is commonly known that military members who share harsh, traumatic, or even funny events become closer through the bond of a mutual experience.
