~~The Proud Tower, the Pulitzer Prize-winning The Guns of August, and The Zimmerman Telegram comprise Barbara W. Tuchman 's classic histories of the First World War era During the fateful quarter century leading up to World War I, the climax of a century of rapid, unprecedented change, a privileged few enjoyed Olympian luxury as the underclass was " heaving in its pain, its power, and its hate. " In The Proud Tower, Barbara W. Tuchman brings the era to vivid life: the decline of the Edwardian aristocracy; the Anarchists of Europe and America; Germany and its self-depicted hero, Richard Strauss; Diaghilev 's Russian ballet and Stravinsky 's music; the Dreyfus Affair; the Peace Conferences in The Hague; and the enthusiasm and tragedy of Socialism, epitomized by the assassination of Jean Jaurès on the night the Great War began and an epoch came to a close. Praise for The Proud Tower " [Barbara W. Tuchman 's] Pulitzer Prize – winning The Guns of August was an expert evocation of the first spasm of the 1914 – 1918 war. She brings the same narrative gifts and panoramic camera eye to her portrait of the antebellum world. " —Newsweek " A rare combination of impeccable scholarship and literary polish . . . It would be impossible to read The Proud Tower without pleasure and admiration. " —The New York Times " An exquisitely written and thoroughly engrossing work . . . The author 's knowledge and skill are so impressive that they whet the appetite for more. " —Chicago Tribune " [Tuchman] tells her story with cool wit and warm understanding. " —Time~~

~~By the winter of 1916/17, World War I had reached a deadlock. While the Allies commanded greater resources and fielded more soldiers than the Central Powers, German armies had penetrated deep into Russia and France, and tenaciously held on to their conquered empire. Hoping to break the stalemate on the western front, the exhausted Allies sought to bring the neutral United States into the conflict. A golden opportunity to force American intervention seemed at hand when British naval intelligence intercepted a secret telegram detailing a German alliance offer to Mexico. In it, Berlin 's foreign secretary, Arthur Zimmermann, offered his country 's support to Mexico for re-conquering " the lost territory in Texas, New Mexico, and Arizona " in exchange for a Mexican attack on the United States, should the latter enter the war on the side of the Allies. The British handed a copy of the Telegram to the American government, which in turn leaked it to the press. On March 1, 1917, the Telegram made headline news across the United States, and five weeks later, America entered World War I. Based on an examination of virtually all available German, British, and U.S. government records, this book presents the definitive account of the Telegram and questions many traditional views on the origins, cryptanalysis, and impact of the German alliance scheme. While the Telegram has often been described as the final step in a carefully planned German strategy to gain a foothold in the western hemisphere, this book argues that the scheme was a spontaneous initiative by a minor German foreign office official, which gained traction only because of a lack of supervision and coordination at the top echelon of the German government. On the other hand, the book argues, American and British secret services had collaborated closely since 1915 to bring the United States into the war, and the Telegram 's interception and disclosure represented the crowning achievement of this clandestine Anglo-American intelligence alliance. Moreover, the book explicitly challenges the widely accepted notion that the Telegram 's publication in the U.S. press rallied Americans for war. Instead, it contends that the Telegram divided the public by poisoning the debate over intervention, and by failing to offer peace-minded Americans a convincing rationale for supporting the war. The book also examines the Telegram 's effect on the memory of World War I through the twentieth century and beyond.~~

~~In Bible and Sword Barbara Tuchman provides a stirring account of the religious, cultural and political motives which led to the British conquest of the Holy Land in 1917 and to the Balfour Declaration.~~

Celebrated for bringing a personal touch to history in her Pulitzer Prize – winning epic *The Guns of August* and other classic books, Barbara W. Tuchman reflects on world events and the historian 's craft in these perceptive, essential essays. From thoughtful pieces on the historian 's role to striking insights into America 's past and present to trenchant observations on the international scene, Barbara W. Tuchman looks at history in a unique way and draws lessons from what she sees. Spanning more than four decades of writing in *The New York Times Magazine*, *The Atlantic*, *Foreign Affairs*, *Harper 's*, *The Nation*, and *The Saturday Evening Post*, Tuchman weighs in on a range of eclectic topics, from Israel and Mao Tse-tung to a Freudian reading of Woodrow Wilson. This is a splendid body of work, the story of a lifetime spent “ practicing history. ” Praise for *Practicing History* “ Persuades and enthralls . . . I can think of no better primer for the nonexpert who wishes to learn history. ” —*Chicago Sun-Times* “ Provocative, consistent, and beautifully readable, an event not to be missed by history buffs. ” —*Baltimore Sun* “ A delight to read. ” —*The New York Times Book Review*

A “ marvelous history ” * of medieval Europe, from the bubonic plague and the Papal Schism to the Hundred Years ' War, by the Pulitzer Prize – winning author of *The Guns of August* *Lawrence Wright, author of *The End of October*, in *The Wall Street Journal* The fourteenth century reflects two contradictory images: on the one hand, a glittering age of crusades, cathedrals, and chivalry; on the other, a world plunged into chaos and spiritual agony. In this revelatory work, Barbara W. Tuchman examines not only the great rhythms of history but the grain and texture of domestic life: what childhood was like; what marriage meant; how money, taxes, and war dominated the lives of serf, noble, and clergy alike. Granting her subjects their loyalties, treacheries, and guilty passions, Tuchman re-creates the lives of proud cardinals, university scholars, grocers and clerks, saints and mystics, lawyers and mercenaries, and, dominating all, the knight—in all his valor and “ furious follies, ” a “ terrible worm in an iron cocoon. ” Praise for *A Distant Mirror* “ Beautifully written, careful and thorough in its scholarship . . . What Ms. Tuchman does superbly is to tell how it was. . . . No one has ever done this better. ” —*The New York Review of Books* “ A beautiful, extraordinary book . . . Tuchman at the top of her powers . . . She has done nothing finer. ” —*The Wall Street Journal* “ Wise, witty, and wonderful . . . a great book, in a great historical tradition. ” —*Commentary* NOTE: This edition does not include color images.

-During the summer of 1972 -- a few short months after Nixon's legendary visit to China -- master historian Barbara W. Tuchman made her own trip to that country, spending six weeks in eleven cities and a variety of rural settlements. The resulting reportage was one of the first evenhanded portrayals of Chinese culture that Americans had ever read. Tuchman's observations capture the people as they lived, from workers in the city and provincial party bosses to farmers, scientists, and educators. The author demonstrates the breadth and scope of her experience in discussing the alleviation of famine, misery, and exploitation; the distortion of cultural and historical inheritances into ubiquitous slogans; news media, schools, housing, and transportation; and Chairman Mao's techniques for reasserting the Revolution. This edition also includes Tuchman's fascinating essay -If Mao Had Come to Washington in 1945- - a tantalizing piece of speculation on a proposed meeting between Mao and Roosevelt that could have changed the course of postwar history.- - [Back Cover]
