Discover the joys of breadmaking with Alison & Simon Holst's Bread Book. Use it to make healthy & delicious breads at home. All recipes have easy-to-follow instructions for making bread by hand, as well as with a bread machine. Over 70 000 copies sold!

Presents a wealth of bread-machine dessert and pastry recipes that can be completed in a minimum of time, complemented by source listings for ingredients and bread machine tips and techniques. Original.

What does Ready Steady Cook mean to you? For some it means red tomatoes and green peppers, for others frenzied cooking and lively banter. Above all it stands for delicious, mouthwatering food that can be created in twenty minutes. Introduced by chef and presenter, Ainsley Harriott, this book contains 100 of the show's best recipes, tried and tested by its regular contenders - Ross Burden, James Martin, Nick Nairn, Paul Rankin, Tony Tobin, Brian Turner, Phil Vickery, Lesley Waters, Kevin Woodford, Antony Worrall Thompson - and, of course, Ainsley himself. Packed with healthy, delicious recipes, this easy-to-follow book reflects the energy and freshness of the show. It is divided into nine sections: Starters, Soups, Snack and Light Bites, Accompaniments, Vegetarian, Fish and Shellfish, Poultry and Game, Meat and Desserts. The chefs are also highly successful in their own right and many have published their own titles. All appear regularly in Good Food Magazine.

This is the student Solutions Manual to accompany Advanced Engineering Mathematics, Volume 2, Tenth Edition. This market-leading text is known for its comprehensive coverage, careful and correct mathematics, outstanding exercises, and self-contained subject matter parts for maximum flexibility. The new edition continues with the tradition of providing instructors and students with a comprehensive and up-to-date resource for teaching and learning engineering mathematics, that is, applied mathematics for engineers and physicists, mathematicians and computer scientists, as well as members of other disciplines.
