One hundred years have passed since the birth of Baby's miraculous offspring, Echo. The United States has evolved to a point of politically driven economic collapse. An abused mother escapes with her two sickly children, Scotty and Abby, from the tenements of Short Hills to the farmland of Sussex County. There she unites with a Latino family who has provided a loving home to Jose, a young Costa Rican boy who has been traumatized by murder and kidnap. The two families find themselves the subject of the psychotic attention of Armoni, a soul damaged beyond redemption, as their lives become entwined with Echo's, who is intent on thwarting the efforts of the heinous people who prey on the lives of other creatures. And as the insidious miscreant, Armoni, tracks them down, bringing brutality and violence to all, Netty recruits a heartbroken Abby to mount a mission to rescue the wildlife of Earth before despicable events bring on the spectre of Armageddon. Echo is the second book in the Alien Species Intervention #6609, an alien apocalyptic saga spanning 200 years from the Prohibition to the distant future. It encompasses tender love between divergent species, political downfalls and acts of unspeakable violence. When you think you've figured it out . . . WHAM! You won't see it coming. Thriller, horror, science fiction and fantasy all in one, the series is a gripping psychological exploration of how the inherent greed and evil of man is dooming planet Earth and its inhabitants. Warning: Alien Species Intervention #6609 contains violence that a sensitive reader may find confronting.
